Overview

Our online software provide user with a *work from anywhere, anytime solution.*

All users connect to the same database, via internet connection, giving *on demand* access.

This manual is training orientated – therefor have your program open and practice as you go along.

Supported operating systems:

Lexpro online software will work on:

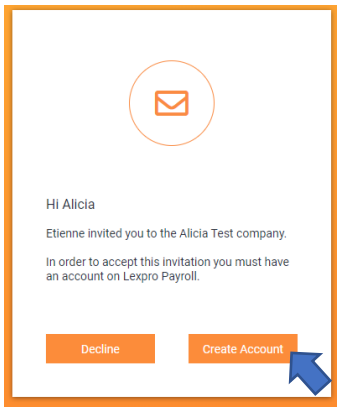
- Windows
- Apple Mac
- Linux

Supported browsers:

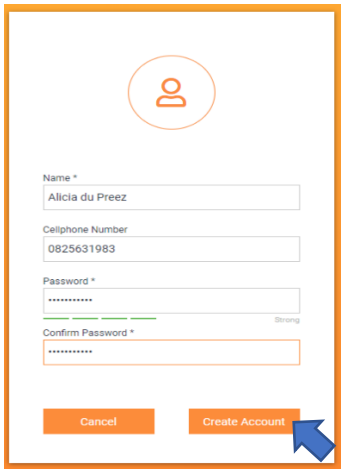
- Google Chrome (Windows)
- Edge (Windows)
- Mozilla Firefox (Windows)
- Opera (Apple Mac)
- Safari (Apple Mac)

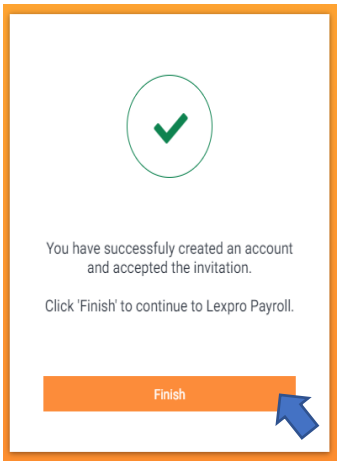
1. Installation

You will receive an invitation to create your account.
To create your account, click on the “Create Account” button.



This will take you to the next screen.



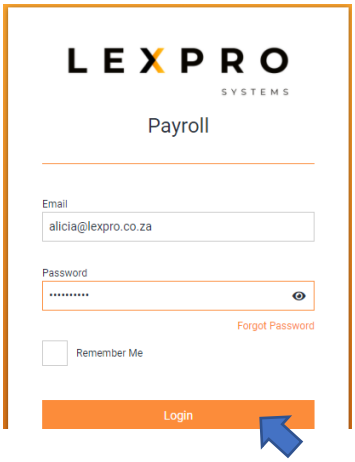


Fill in all the details and click on “Create Account”. Your account has been created.
Click on “Finish”.
You will now be able to log in.

Click on the link to open the Payroll program:

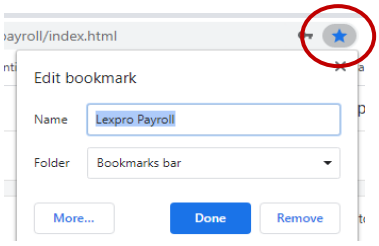
https://www.lexproonline.co.za/payroll/

To log in: Enter your email address and password and click on “Login”.

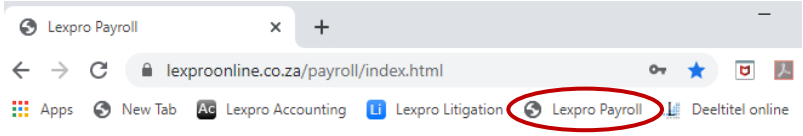


1.1 Create a bookmark

Click on the link to access the program.
Click on the bookmarks icon on the right of the access bar:

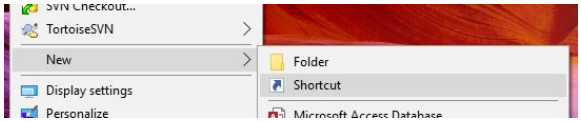


The bookmark screen will display, type a name for the bookmark and choose the folder as "Bookmarks bar". The icon for Lexpro Payroll will now display as a bookmark on your browser, which you can use to open the program.

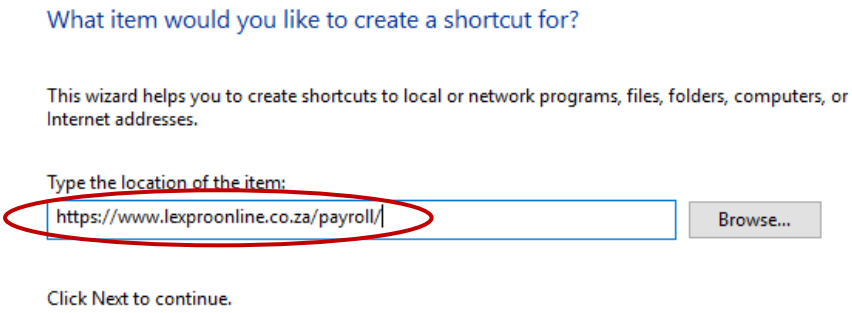


1.2 Create an icon

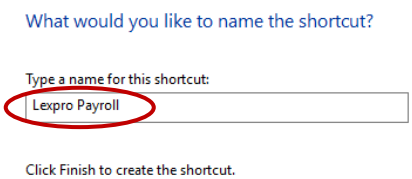
Right click on your desktop.
Click new, and select Shortcut:



Copy and paste the link in the location address, then click on "Next":



Type a description/name for the icon, e.g. "Lexpro Payroll", then click on "Finish":



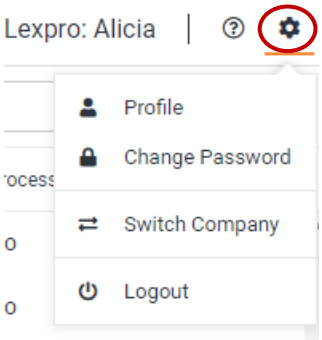
The icon will now be created and visible on your desktop:

Updated versions:

Lexpro will update your Online program automatically.

2. Settings

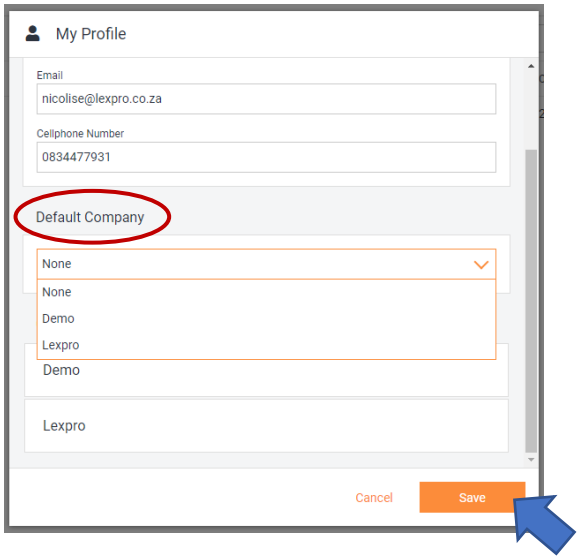
In the top right corner, you will find the gear icon – this is the User Menu:



Here, you will be able to see and edit your profile, as set up at the very beginning, change your password, switch between different companies, and log out.

Companies:

If you have more than one company, you can set up a default company in the “Profile” tab and click on “Save”:



2.1 Getting started

As a good practice we recommend following the steps when setting up to get started.

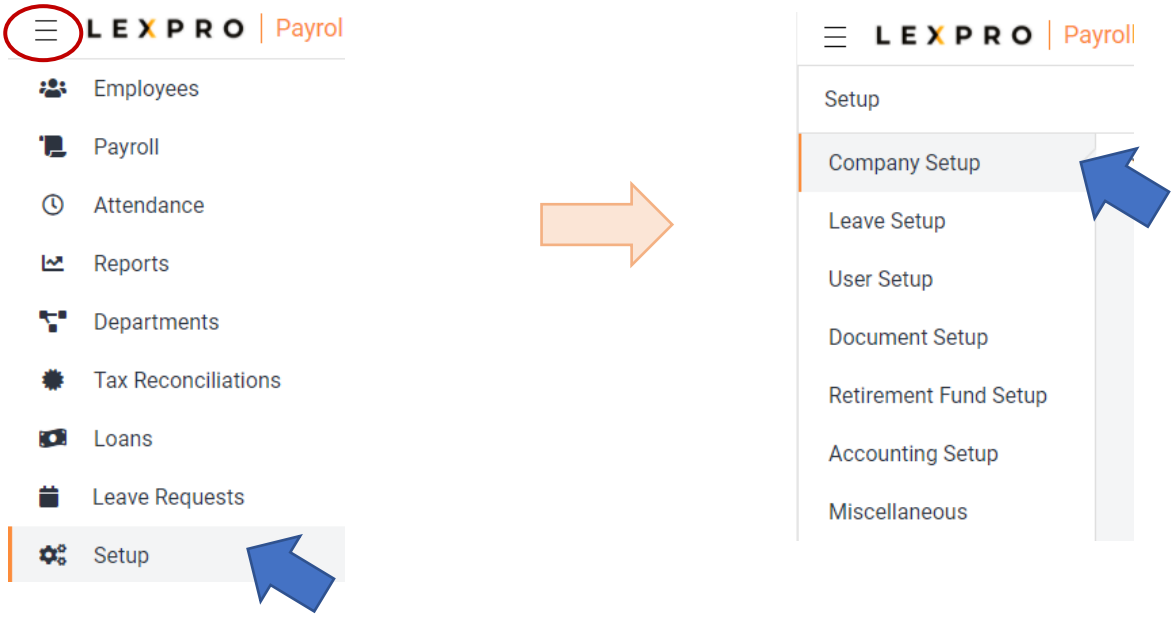
Step 1 – Setup of the company.
Step 2 – Setup the departments.
Step 3 – Leave setup.
Step 4 – Setup of retirement funds.
Step 5 – Setup of the employees.
Step 6 – Conduct a payrun.
Step 7 – Export to Lexpro Accounting / Export to SARS

3. Setup

3.1 Company Setup

Click on the three bars icon, at the top right corner, to open the Main Menu.

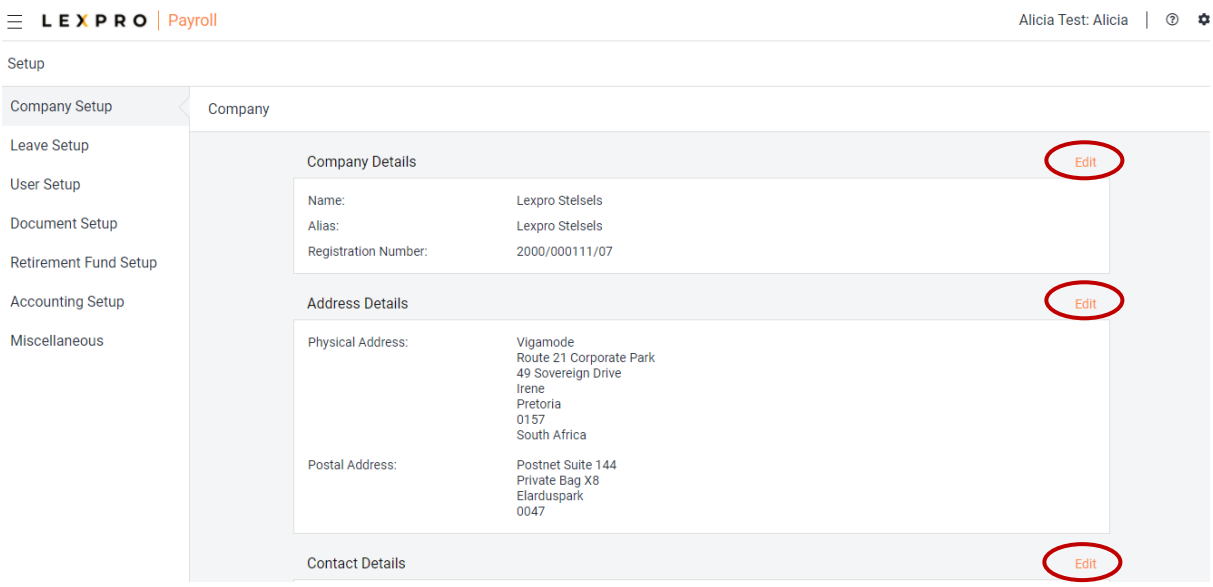
Click on "Setup", then click on "Company Setup"



Fill in the required details at:

- Company Details ;
- Address Details ;
- Contact Details ;
- Tax Details ;
- SARS Contact Person ;
- UIF Contact Person; and
- Banking Details.

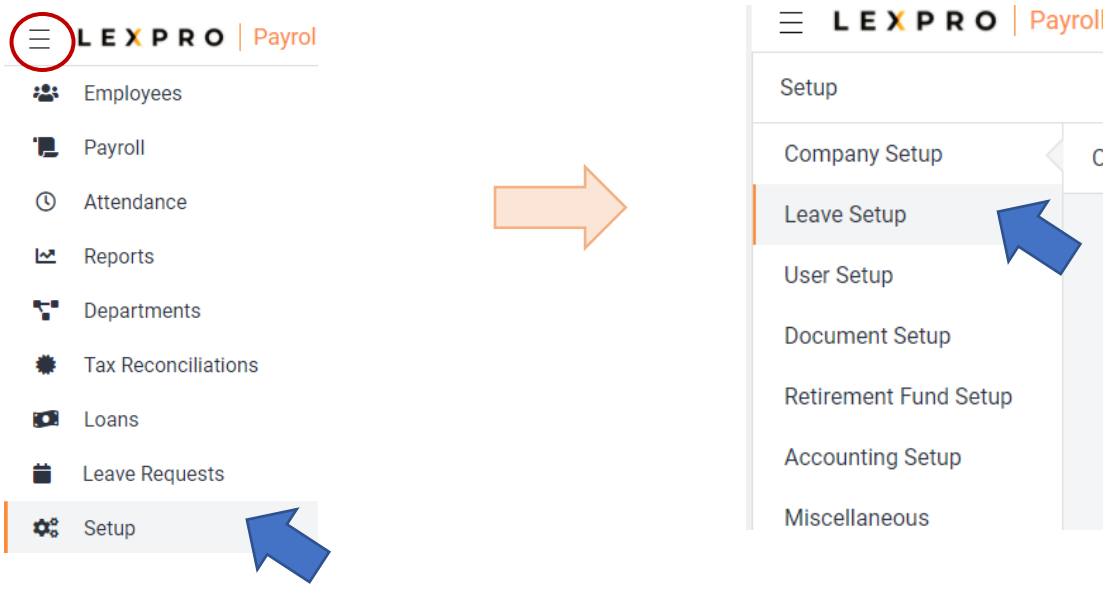
Your screen will now look like this. If any details need to be amended, click on the “Edit” button on the right side of the screen to edit each section separately.



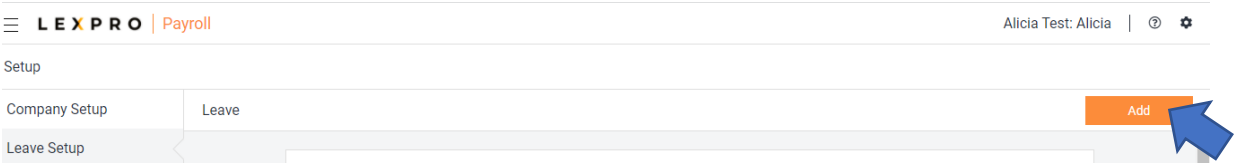
3.2 **Leave setup**

Click on the three bars icon, at the top right corner, to open the Main Menu.

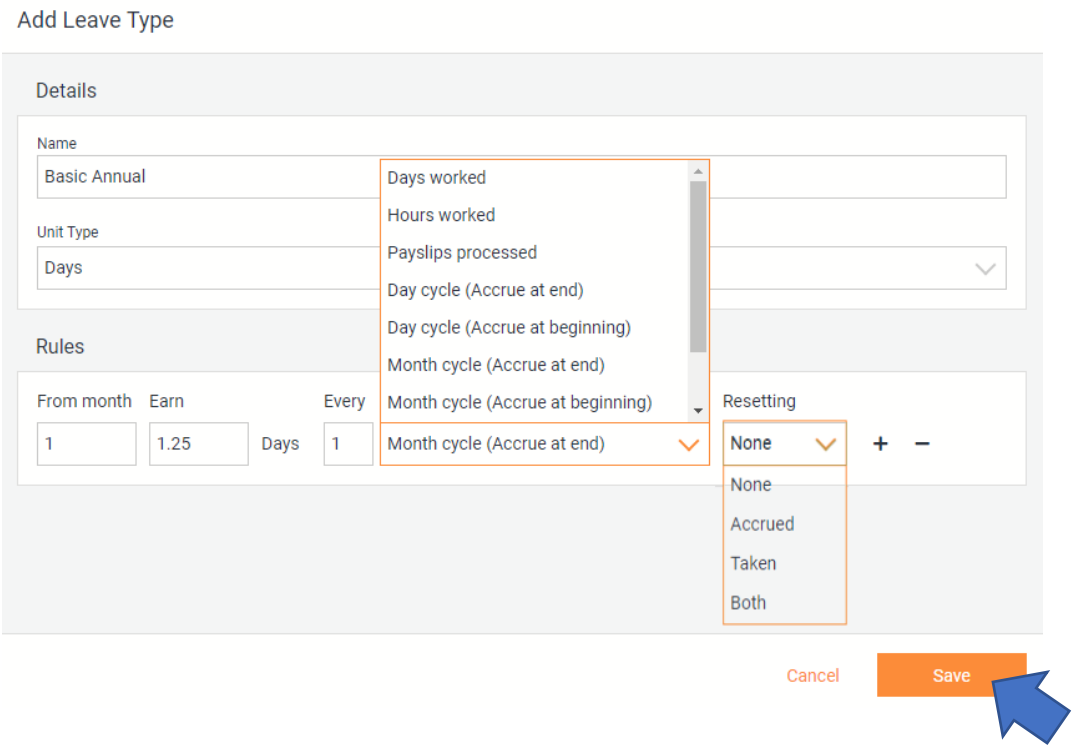
Click on “Setup”, then click on “Leave Setup”:



Click on the “Add” button:

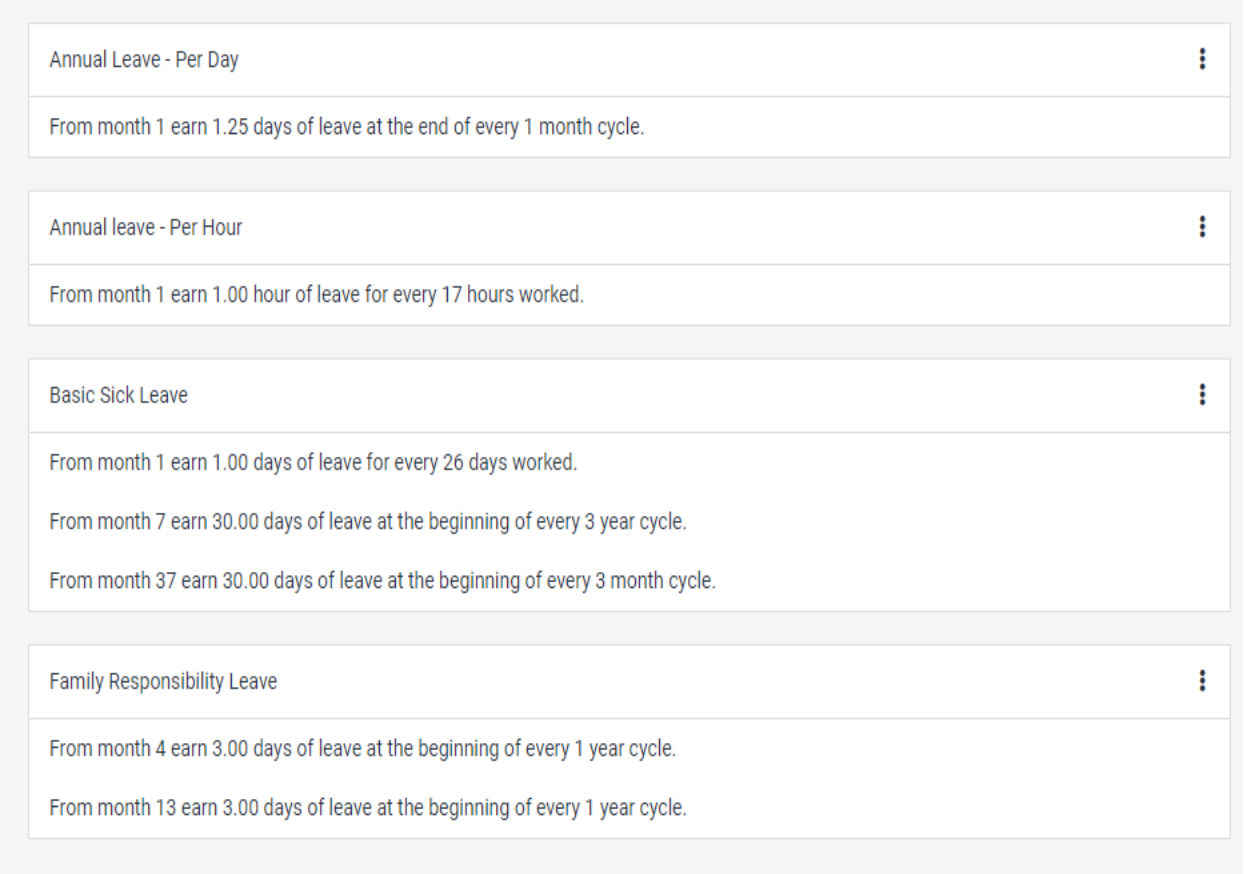


Fill in all the information required and click on the “Save” button.



As an **example**, for a basic leave setup:

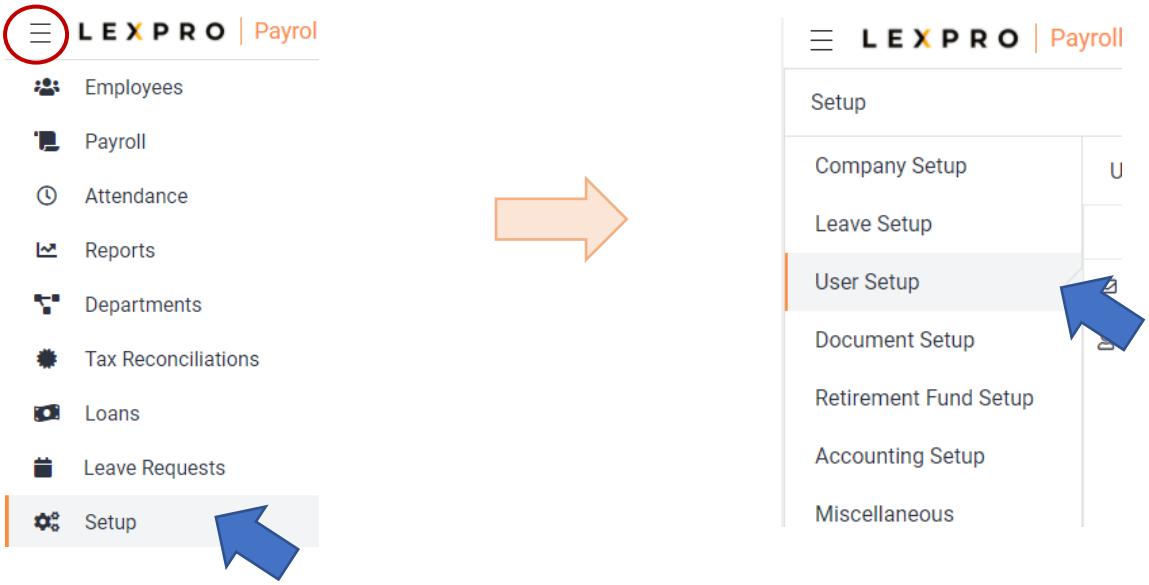
- Annual leave (calculated daily or per hour) ;
- Basic sick leave ; and
- Family responsibility.



3.3 User setup

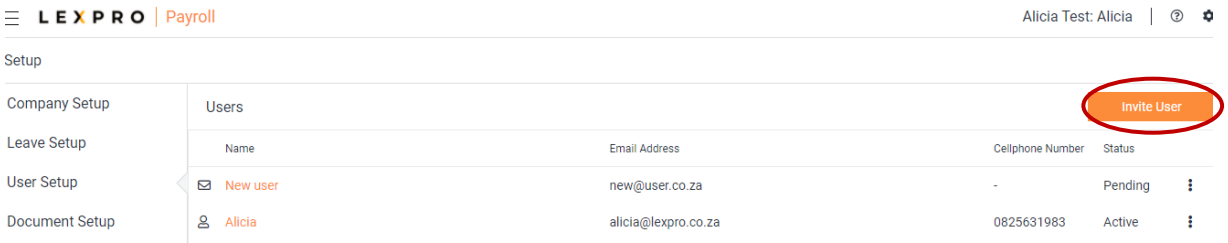
Click on the three bars icon, at the top right corner, to open the Main Menu

Click on “Setup”, then click on “User Setup”:

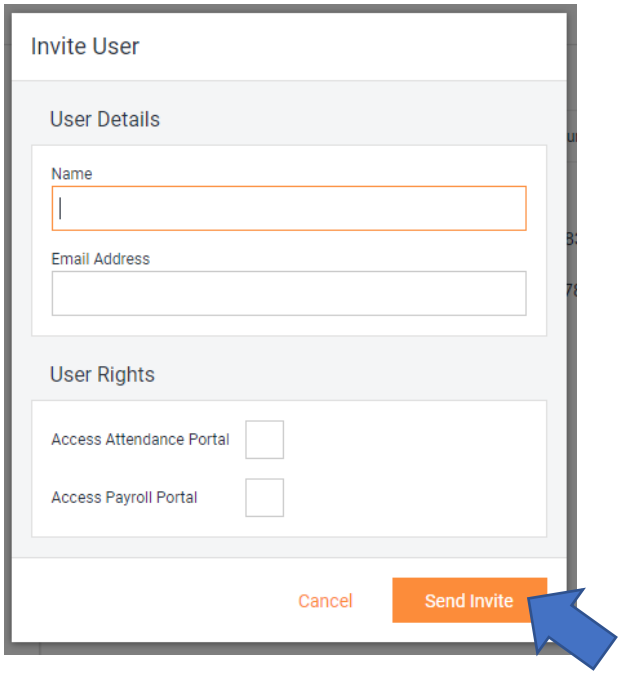


Here you will be able to see the existing users.

Click on “Invite User”:

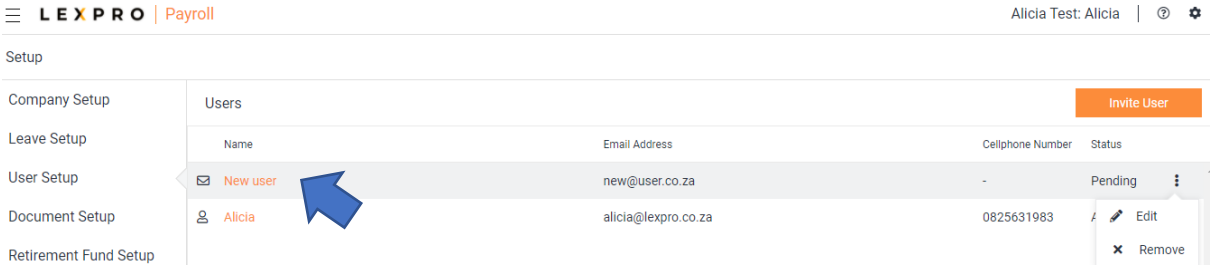


Fill in the required details of the new user and click on the “Add” button:

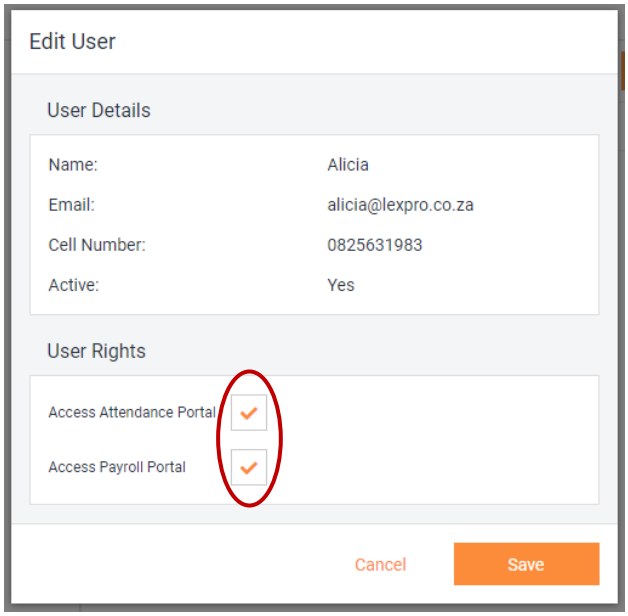


An invitation will be sent to the new user, which they can accept or decline.
If they accept the invitation, they must set up a user profile with a password.
They will then be added to the list of users and have access to the company.

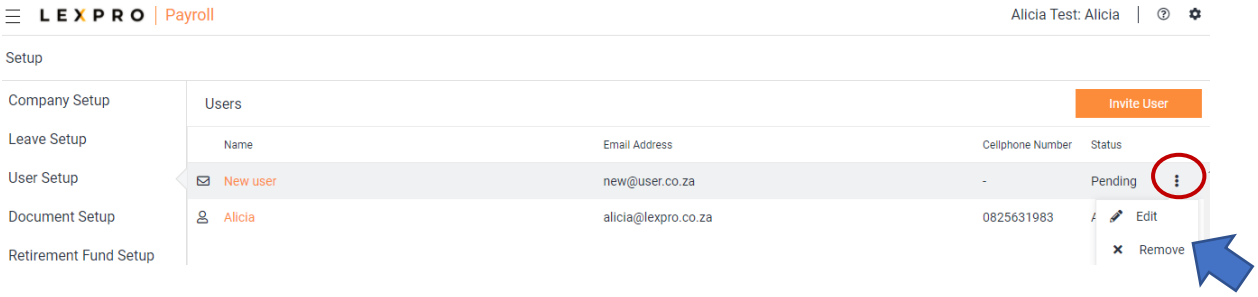
To give a user access rights, click on the name of the user.



Check the boxes to give the user access.



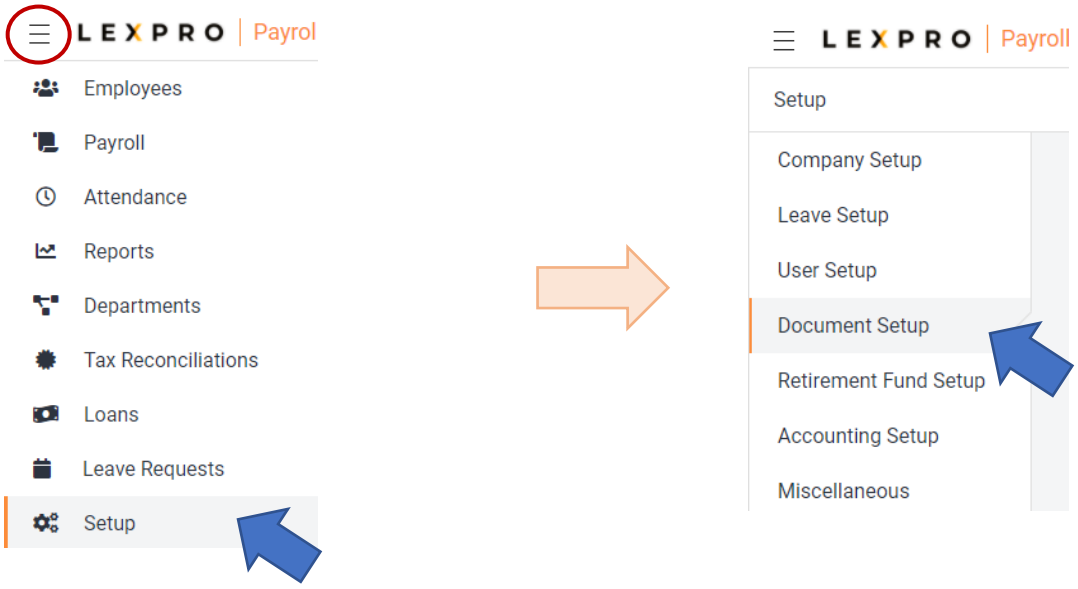
To remove a user, click on the Options Menu (vertical ellipsis), then click on “Remove”.



3.4 Document Setup

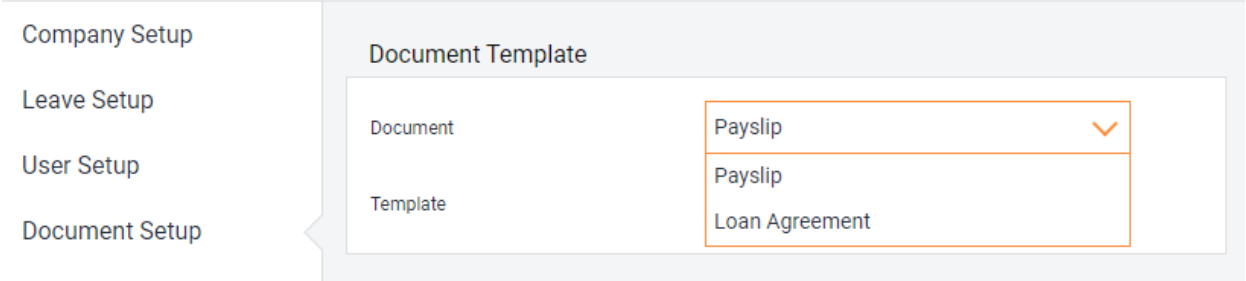
Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Setup”, then click on “Document Setup”:



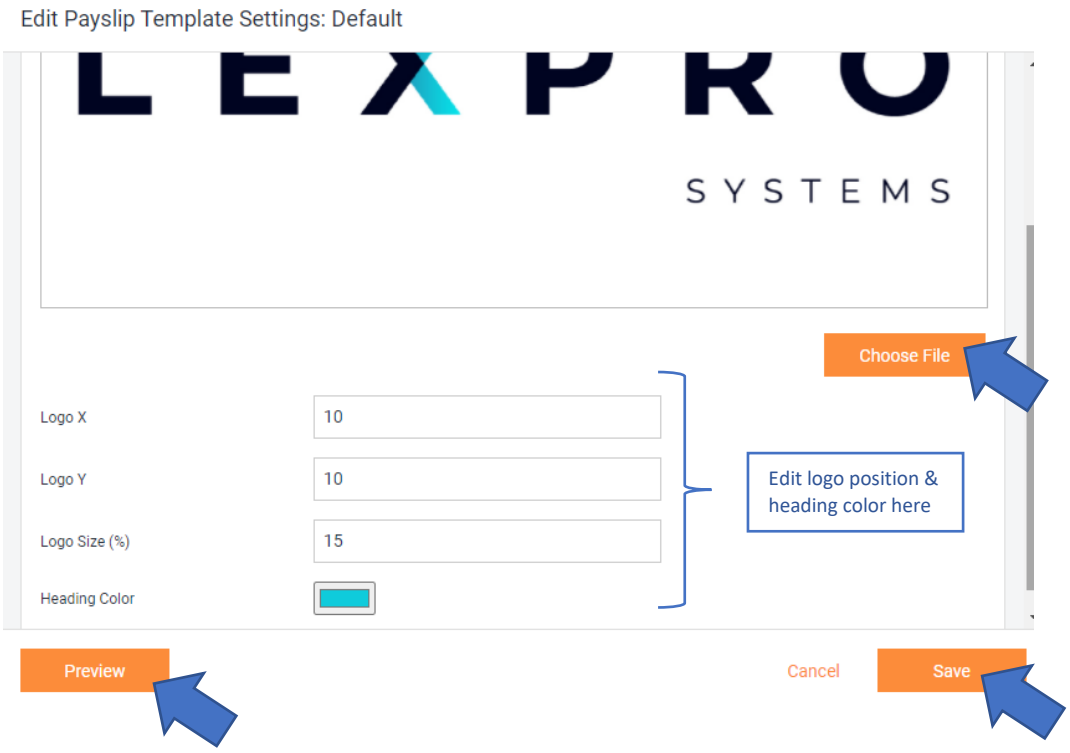
Here you will select different document templates and change the settings of the template documents. If you have any requests for more documents, please send us an email and we will add it to the list.

For document template a choice of “Payslip” and “Loan Agreement” is available.



In the Template Settings section, a company logo can be added by clicking on the “Edit” button.

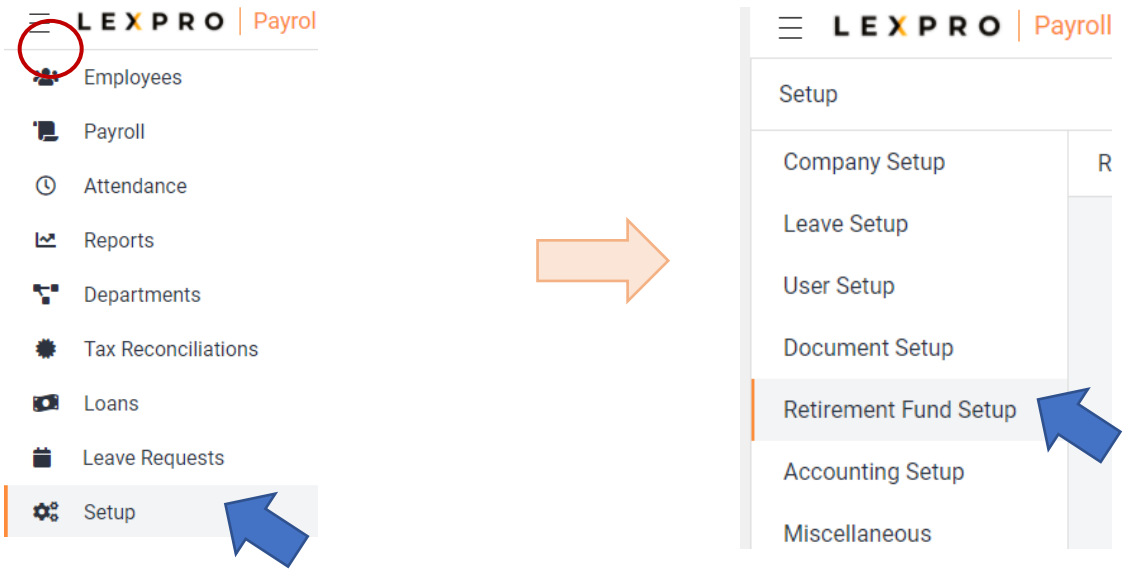
On the Edit Payslip Template Settings pop-up screen the logo to be displayed on the payslip can be chosen by clicking on the “Choose File” button. Once the logo is chosen from the computer’s files it will be displayed in the Logo Image block.
The logo position, logo size and heading color can be edited.
A preview of the payslip can be seen by clicking on the “Preview” button.
Save the payslip settings by clicking on the “Save” button.



3.5 Retirement Fund Setup

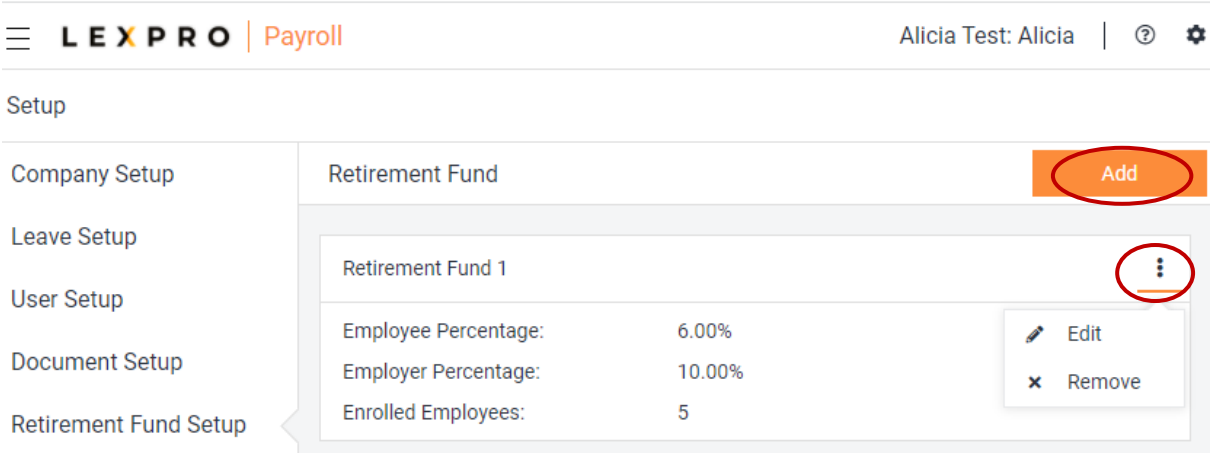
Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Setup”, then click on “Retirement Fund Setup”:



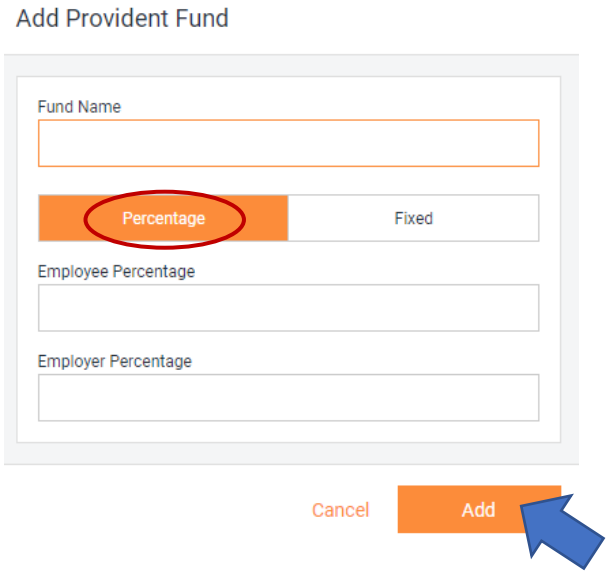
A retirement fund can be added by clicking on the “Add” button.

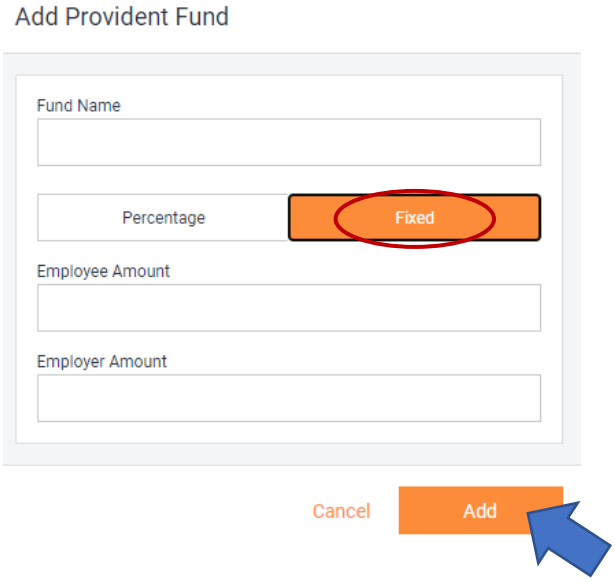
Available retirement funds can be edited and removed by clicking on the Options Menu (Vertical ellipses) on the relevant retirement fund.



When adding a retirement fund the Fund Name, Fund Type, Employee Amount/Percentage and Employer Amount/Percentage must be filled in, then click on the “Add” button to save the fund.

Please take note that the type of retirement fund can be changed by clicking either on Percentage or Fixed.



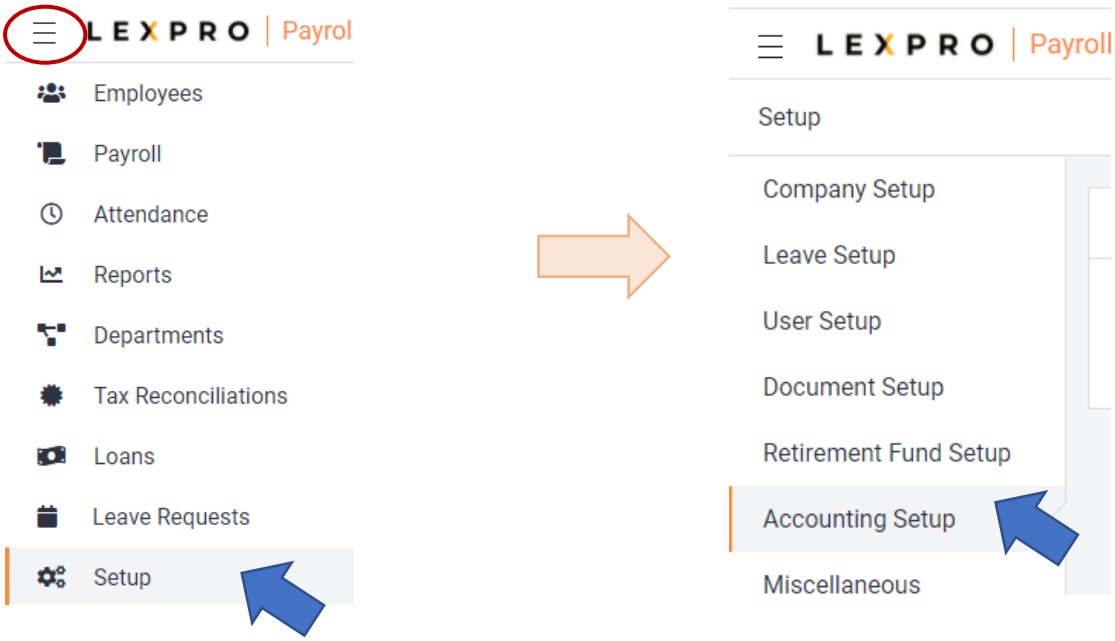


3.6 Accounting Setup

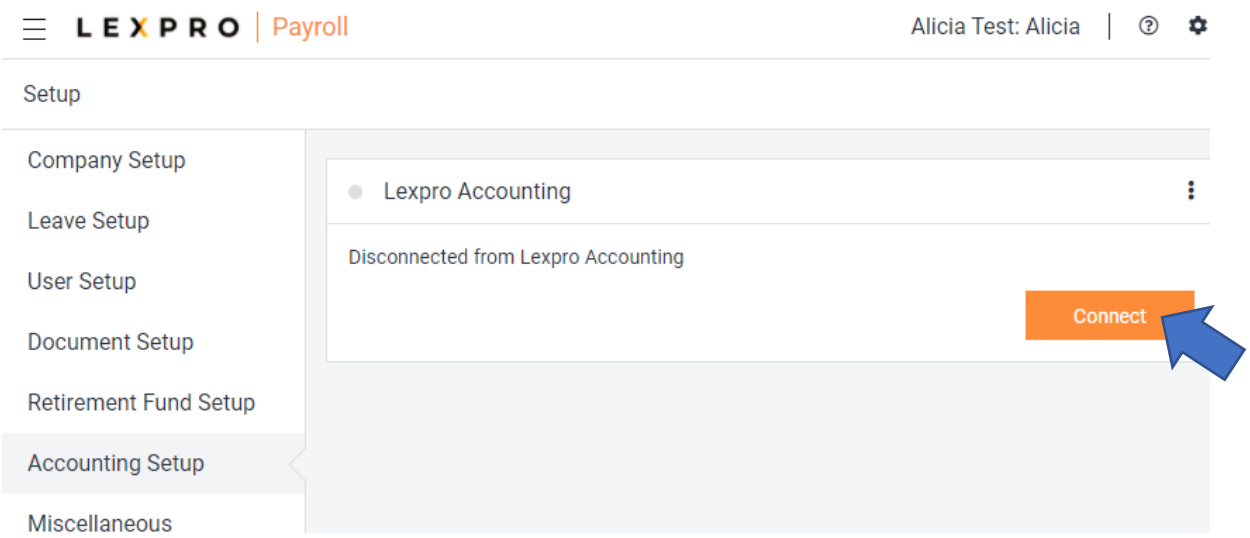
Lexpro accounting can be linked to the payroll by completing the accounting setup.

Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Setup”, then click on “Accounting Setup”:

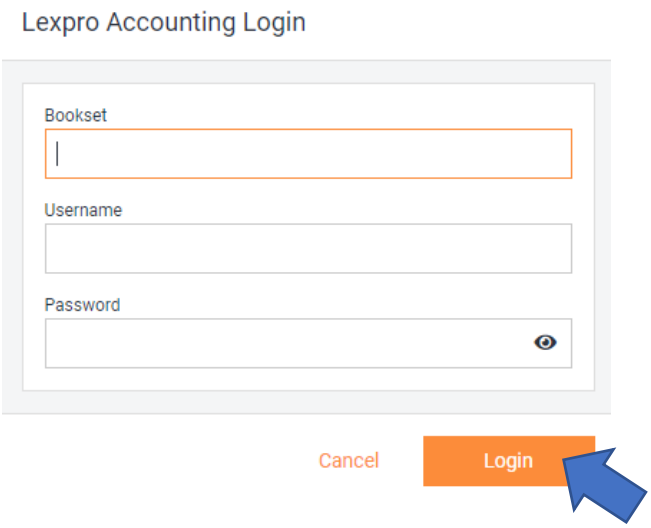


Click on the “Connect” button.

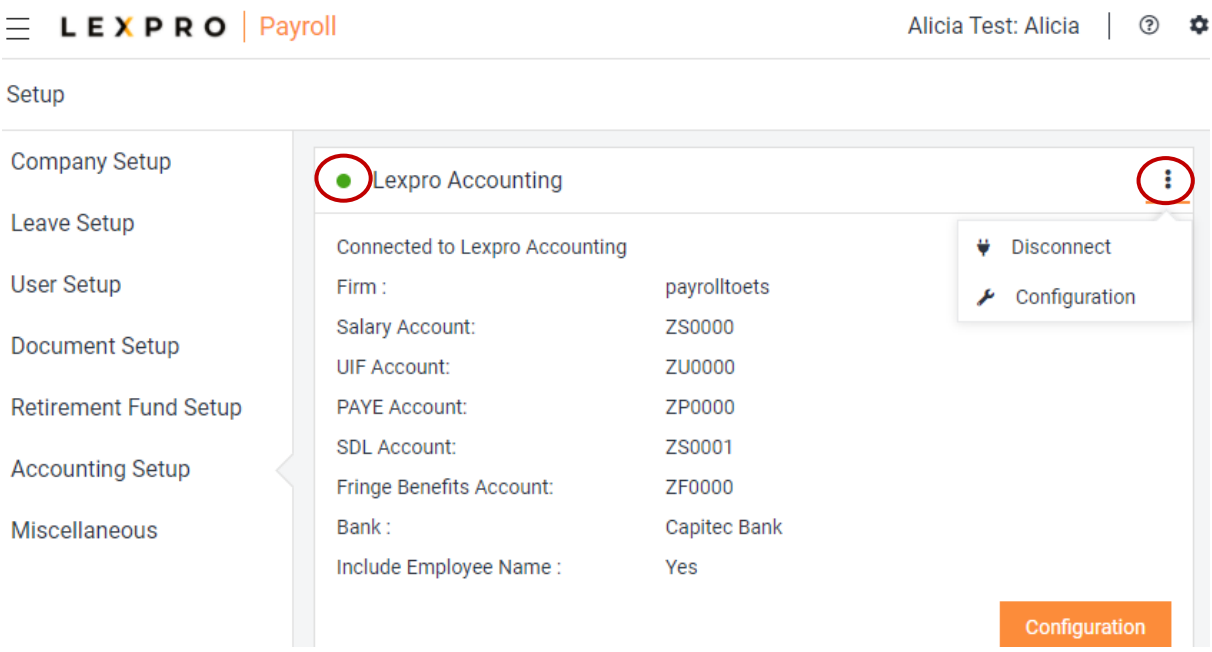


Complete the Lexpro Accounting information, then click on “Login”.

The exact information that would be used to log into the Lexpro Accounting program. Your Lexpro Accounting Consultant will give the username, password and bookset with the setup of Lexpro Accounting.



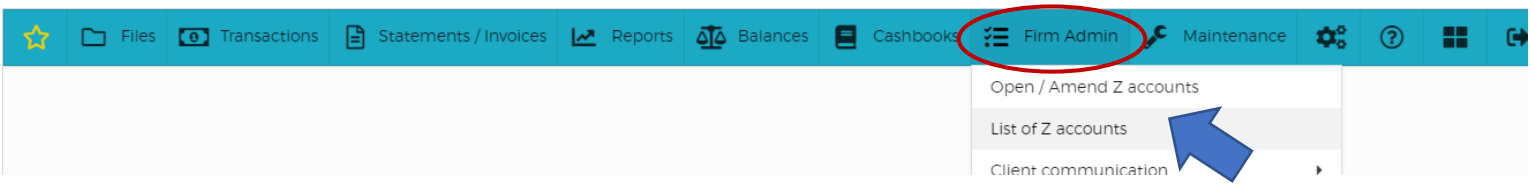
The screen will look like this and a green circle means that the payroll and Lexpro Accounting systems are now connected.



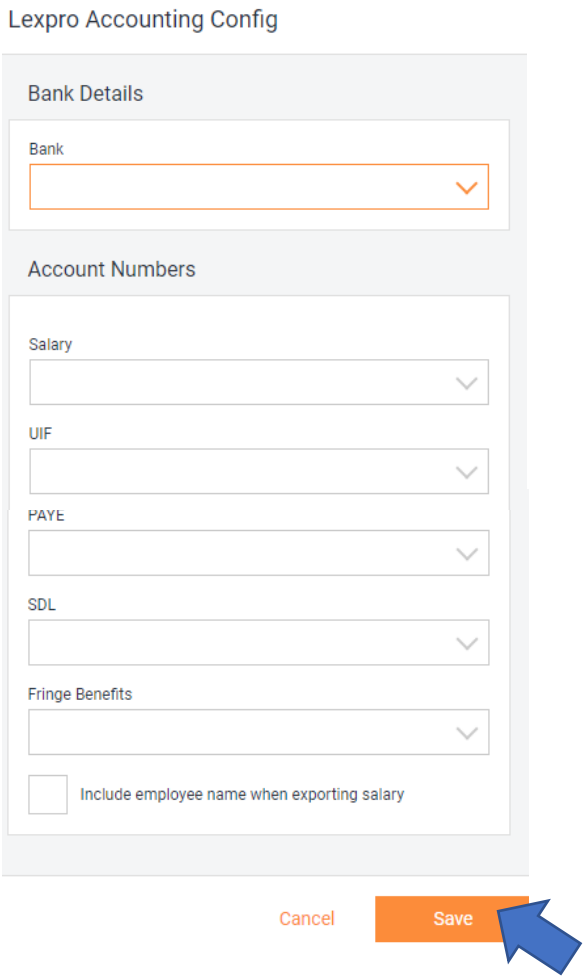
To disconnect the payroll from Lexpro Accounting click on the Options Menu (Vertical Ellipses), then on the “Disconnect” button.

Next, complete the configuration to link the payroll to Lexpro Accounting by clicking on the "Configuration" button.

The Bank Details and Account Numbers are extracted from the information filled in Lexpro Accounting. The list of Z accounts can be found in Lexpro Accounting under "Firm Admin". If a new Z account must be opened for the Salary, UIF, PAYE, SDL and Fringe Benefits in Accounting, it can also be found under "Firm Admin" in Lexpro Accounting.



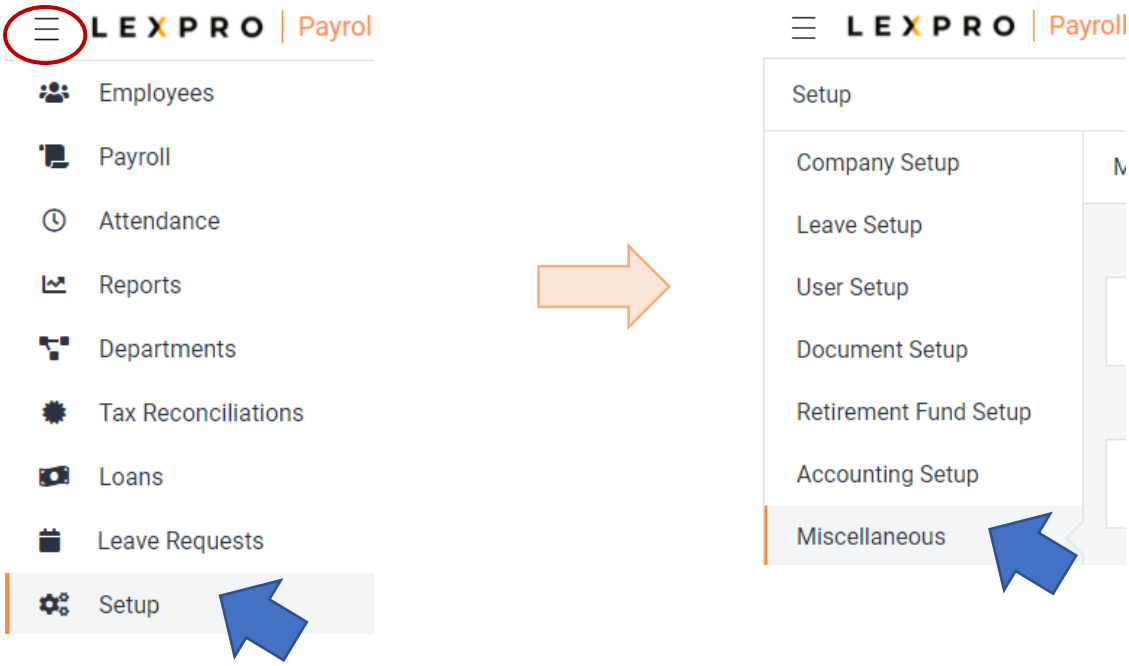
If the Bank Details and Z accounts are already opened they must be chosen from a list by clicking on the downwards arrow. Save this information by clicking on the "Save" button.



3.7 Miscellaneous

Click on the three bars icon, at the top right corner, to open the Main Menu.

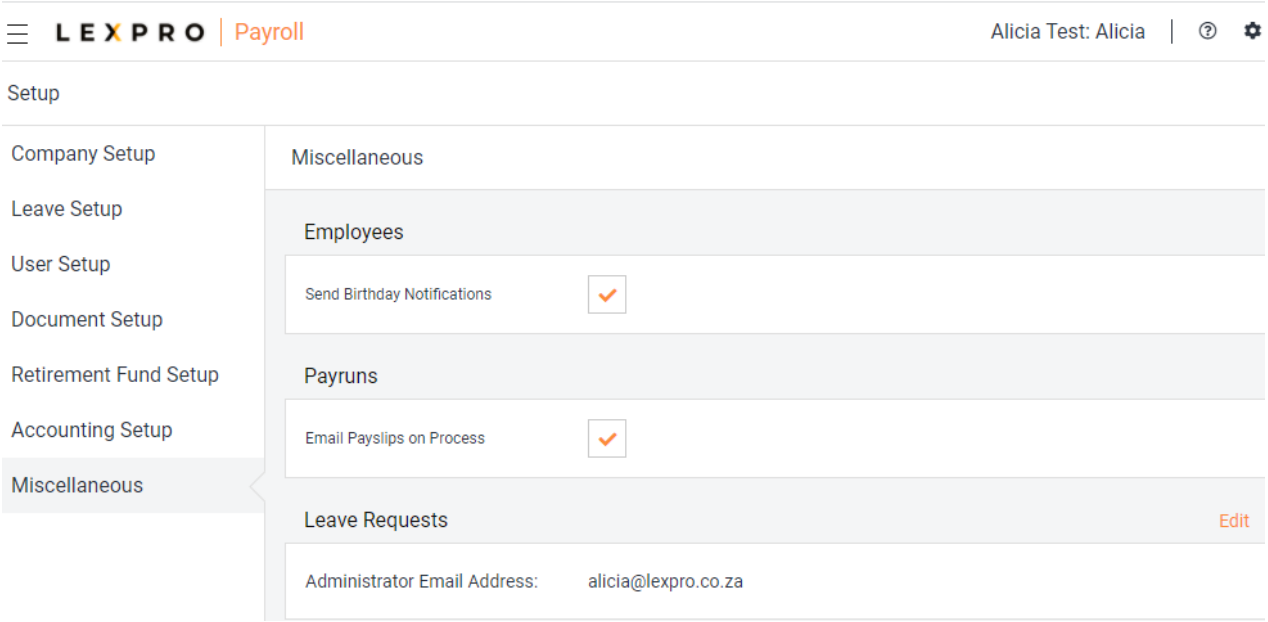
Click on “Setup”, then click on “Miscellaneous”:



Birthday notifications can be sent to all employees (except the person whose birthday it is) if the “Send Birthday Notification” box is ticked.

If the “Email Payslips on Process” box is ticked all employees will receive their payslips via email once the payrun is processed.

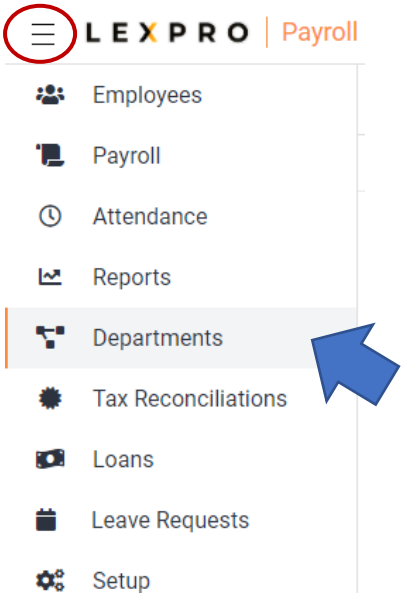
Leave can be requested via the payroll system or the employee portal. The person who administrates the leave applications will receive an email to approve/deny the application. This person’s email address is required in the “Administrator Email Address” box.



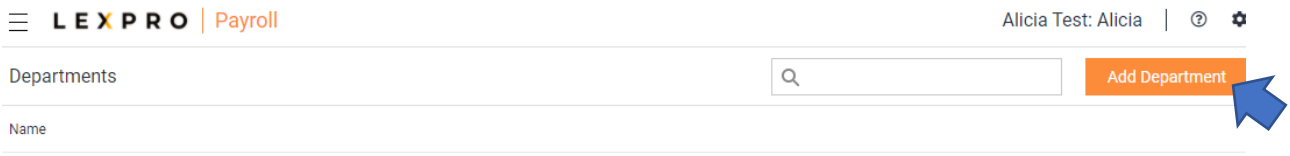
4. Departments

Click on the three bars icon, at the top right corner, to open the Main Menu.

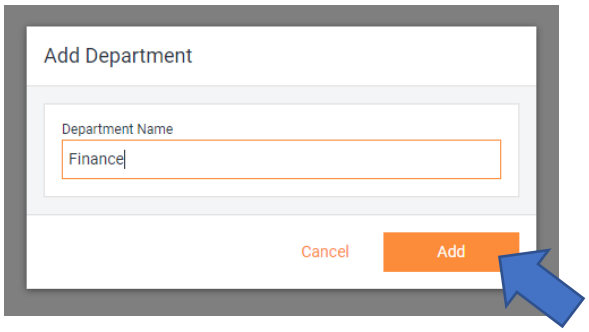
Click on “Departments”:



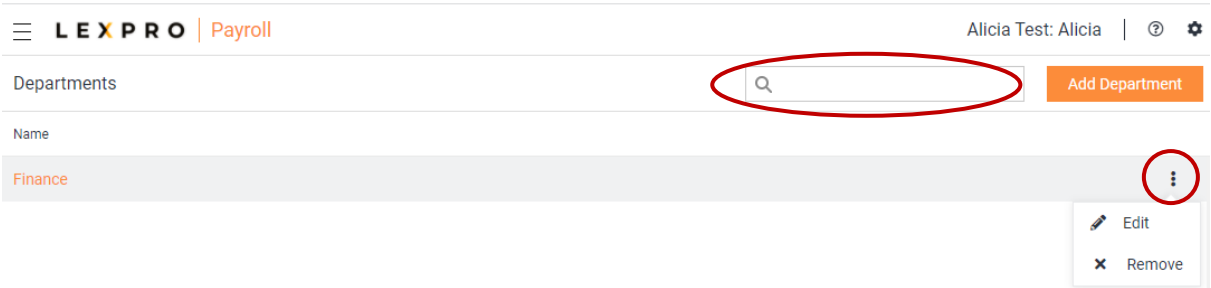
Click on the “Add Department” button.



Type the name of the department and click on the “Add” button.



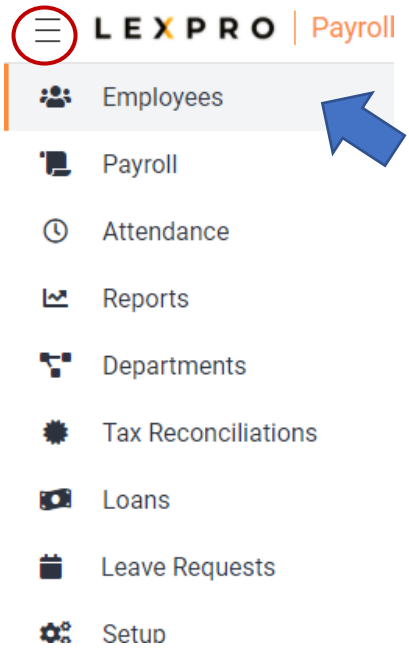
The department will now be visible. To edit or remove a department click on the Options Menu (Vertical ellipsis) next to the department. Departments can be searched in the search bar.



5. Employees

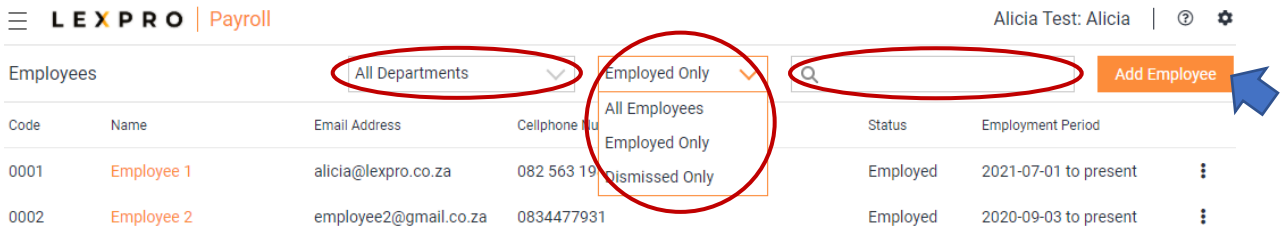
Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Employees”:



Click on the “Add Employee” button.

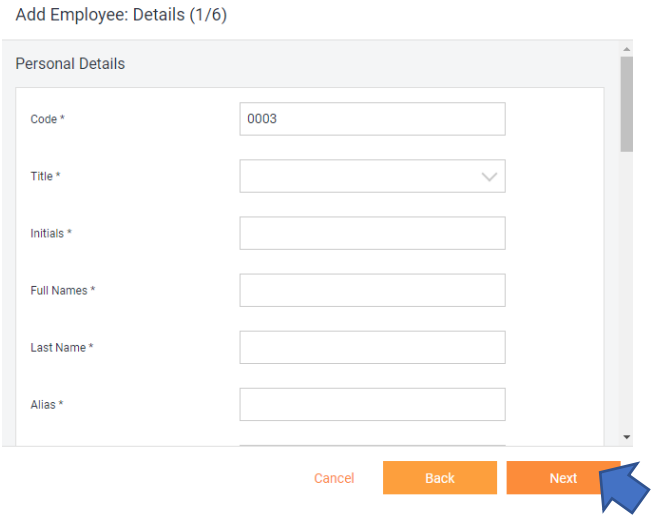
Employees can be searched in the search bar.
Employees can be filtered to show all employees, employed only and dismissed only.
Employees can also be filtered by department.



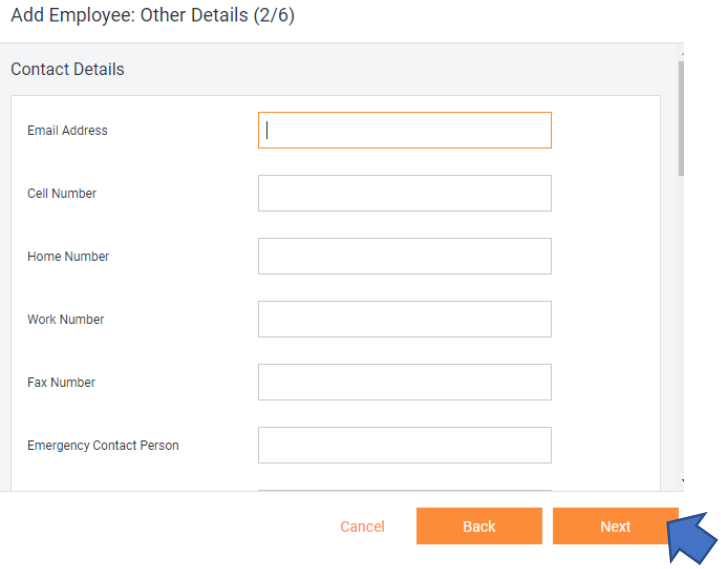
When adding a new employee. Follow the Add Employee Wizard instructions.

Step 1: Complete Employee Details consisting of Personal Details, Employment Details and Income Tax Details. All fields marked with a * are mandatory and must be completed before clicking on “Next”.

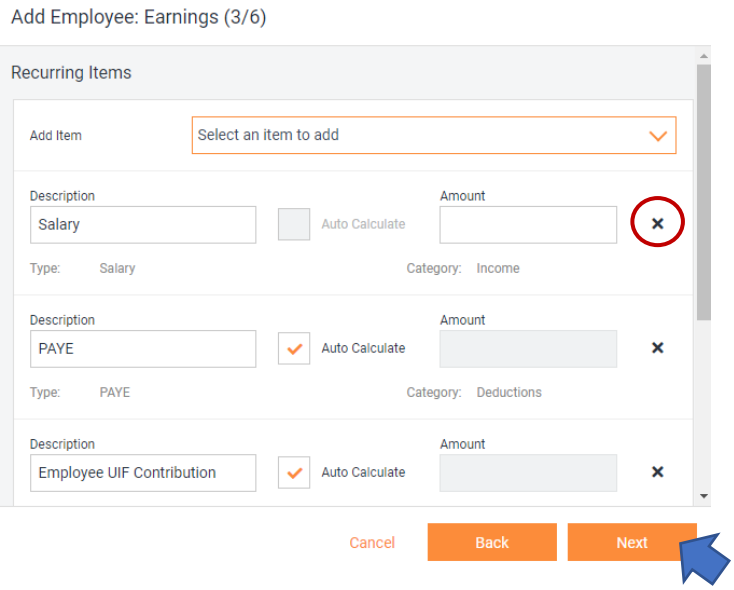
An employee code will be generated automatically as the employee is added to the list.



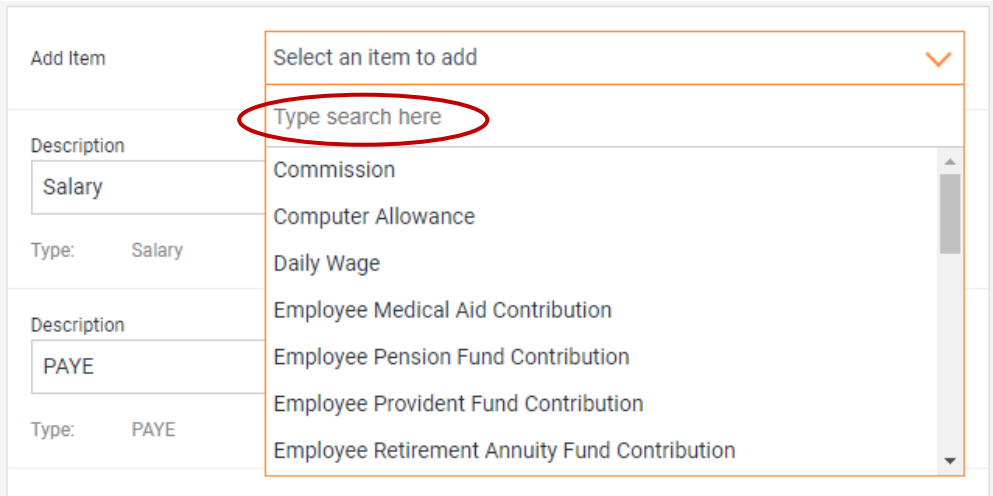
Step 2: Complete Other details. These details include Contact Details, Physical Address, Postal Address and Work Address. Click on the “Next’ button to continue with the Add Employee wizard.



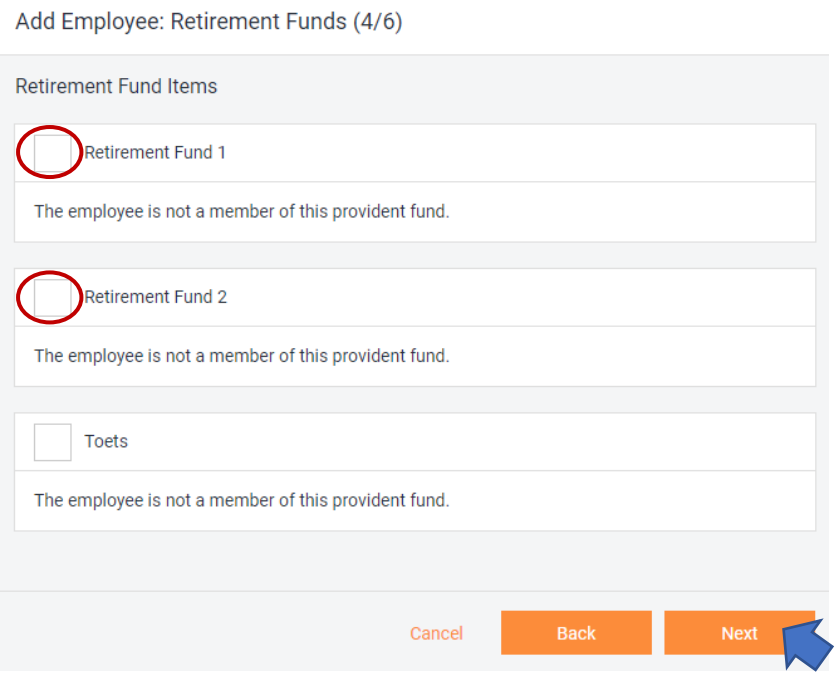
Step 3: Complete Earnings/Deductions. Some items are automatically added, these items can be removed by clicking on the ✖ next to the item.



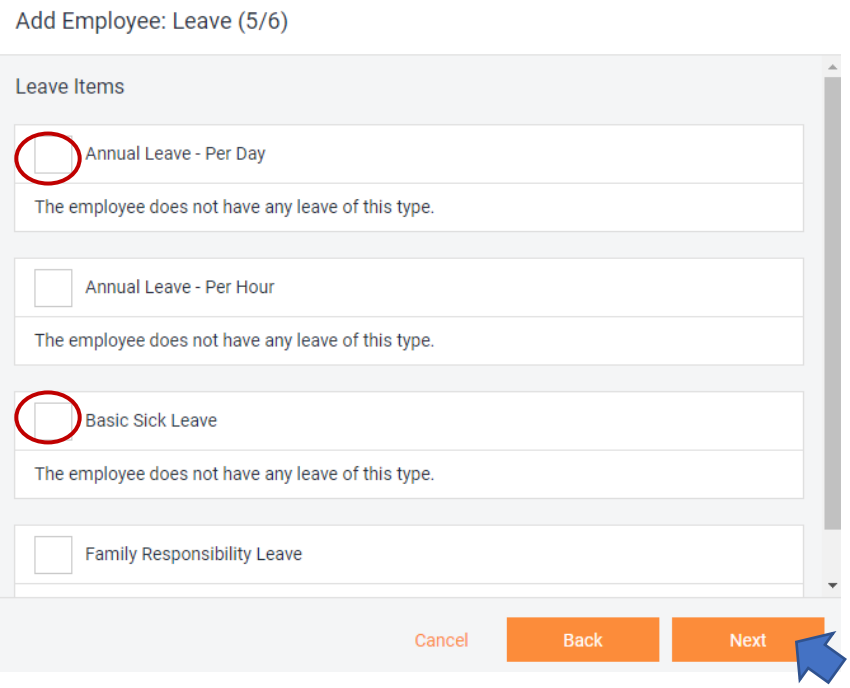
Items can be added by selecting from the Add Item list.
Items can also be searched in the search bar.



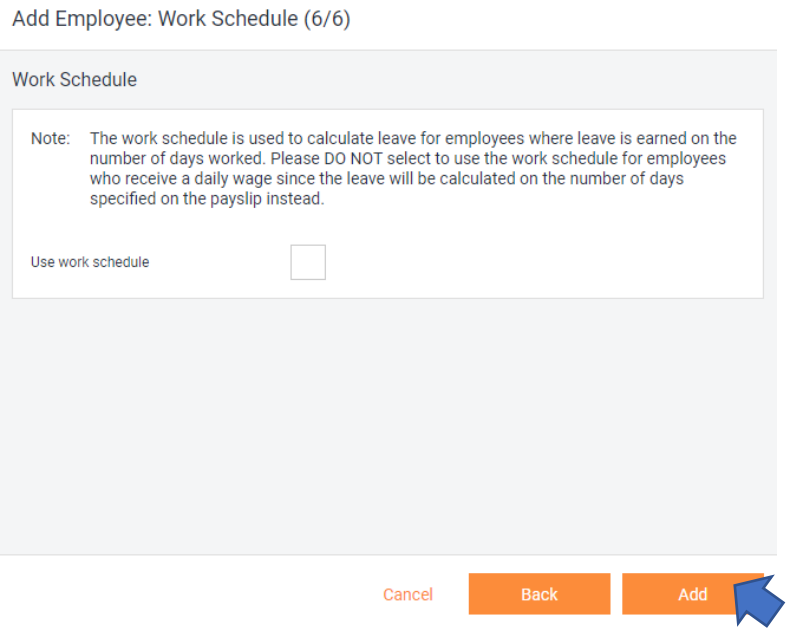
Step 4: Tick the appropriate retirement fund relevant to the employee being set up. If no retirement fund is applicable, a new fund can be set up at a later stage under the employee details. Click on "Next" to continue.



Step 5: Tick the appropriate leave relevant to the employee being set up. Different leave choices come are available, from what was set up under Setup → Leave Setup. Click on "Next" to continue.

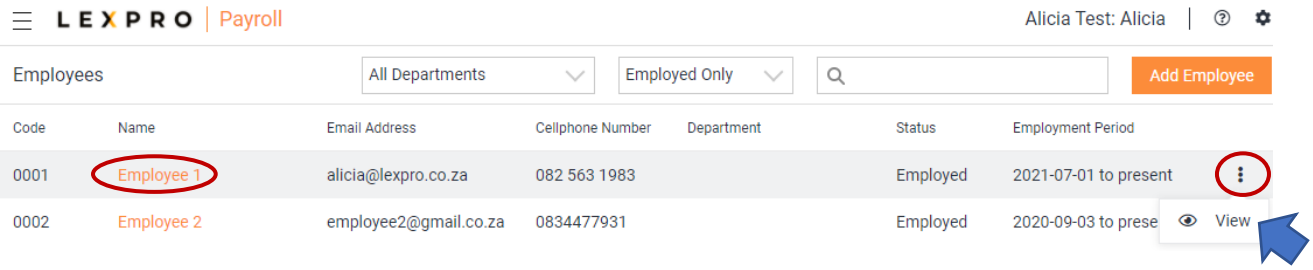


Step 6: Tick the box to make use of the Work Schedule for the employee being set up. Click on “Add” to finish.



5.1 Employee Details

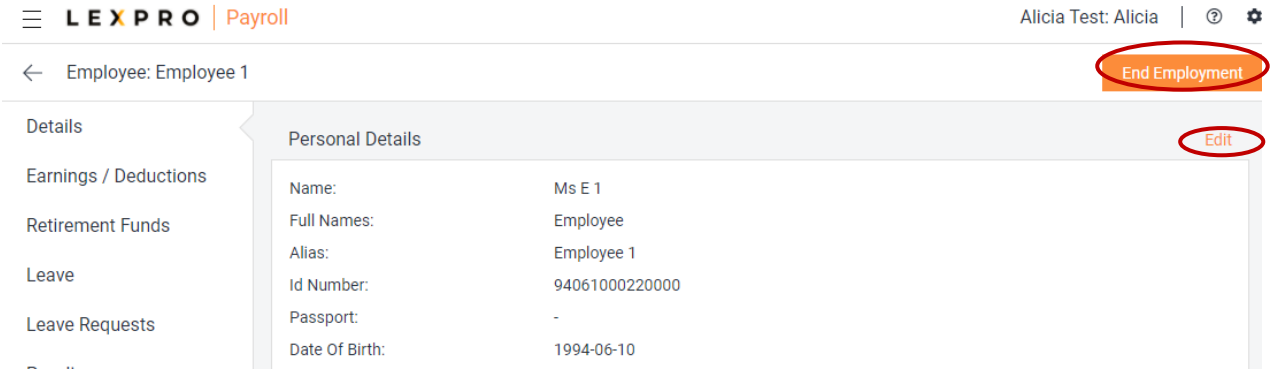
Employees can be viewed either by clicking on the employee name or by clicking on the Options Menu (Vertical ellipsis) on the rights side of the screen and clicking on the “View” button.



This screen will be displayed.

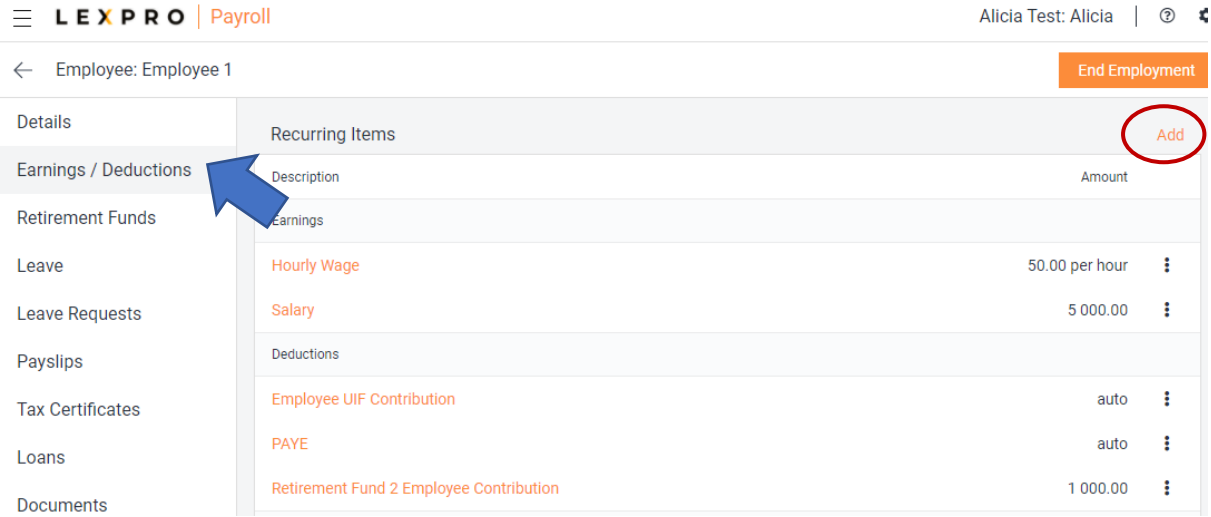
To dismiss an employee, click on the “End Employment” button. Once an employee is dismissed, they can be re-employed by clicking on the “Employ” button.

Employee details can be amended by click on the “Edit” button next to the section that needs to be amended.



5.2 Earnings / Deductions

To allocate the earnings / deductions per employee, click on the “Earnings/Deductions” side menu. Then click on the “Add” button to allocate recurring or once-off items.

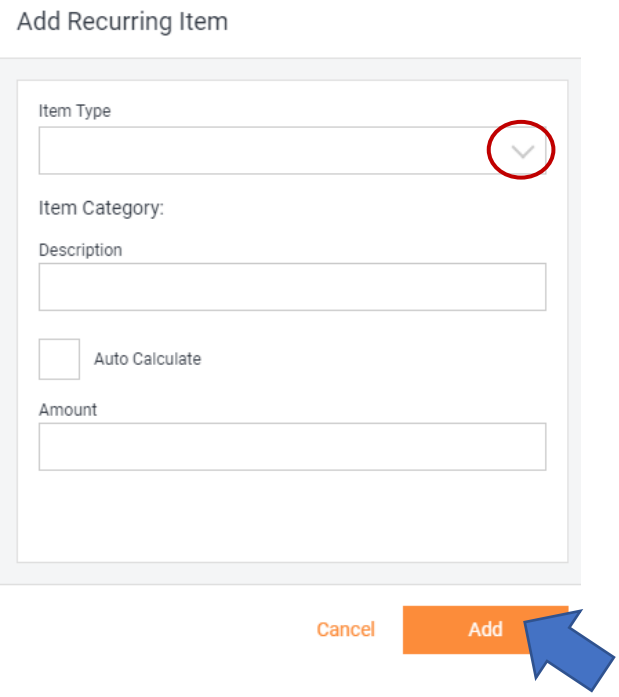


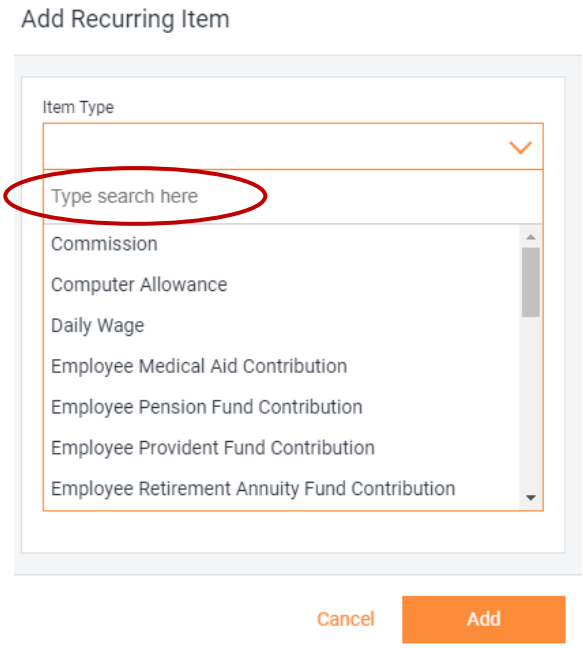
The pop-up menu will appear.

The Item Type will have a list of items to choose from. A search can also be done for a specific item.

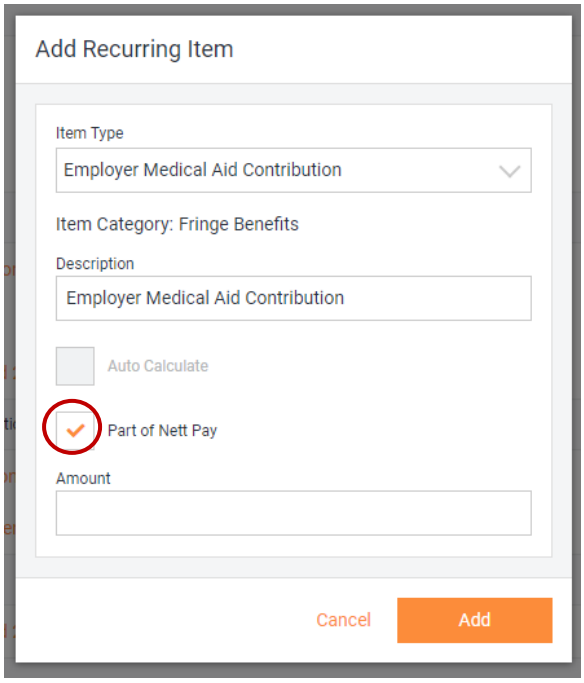
Some of the items can be calculated automatically i.e. PAYE, others can be entered manually i.e. Monthly salary.

Click on the “Add” button to save the recurring/once-off item to the employee’s Earnings / Deductions.



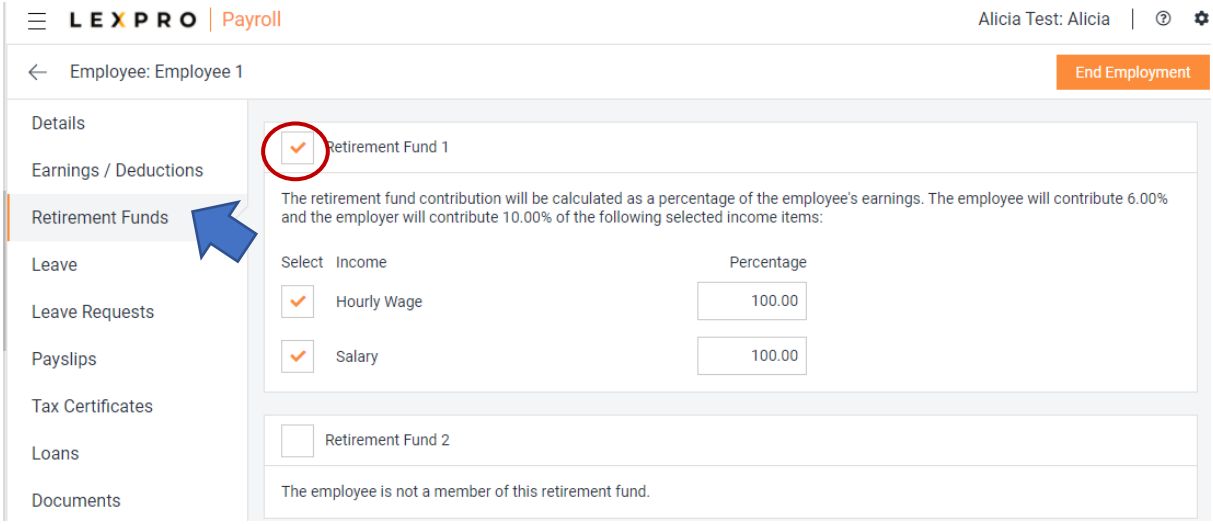


When adding a recurring item, specifically a fringe benefit, where the employer amount is paid out to the employee and the amount should be added to the employee's nett pay, this checkbox can be ticked.



5.3 Retirement Fund

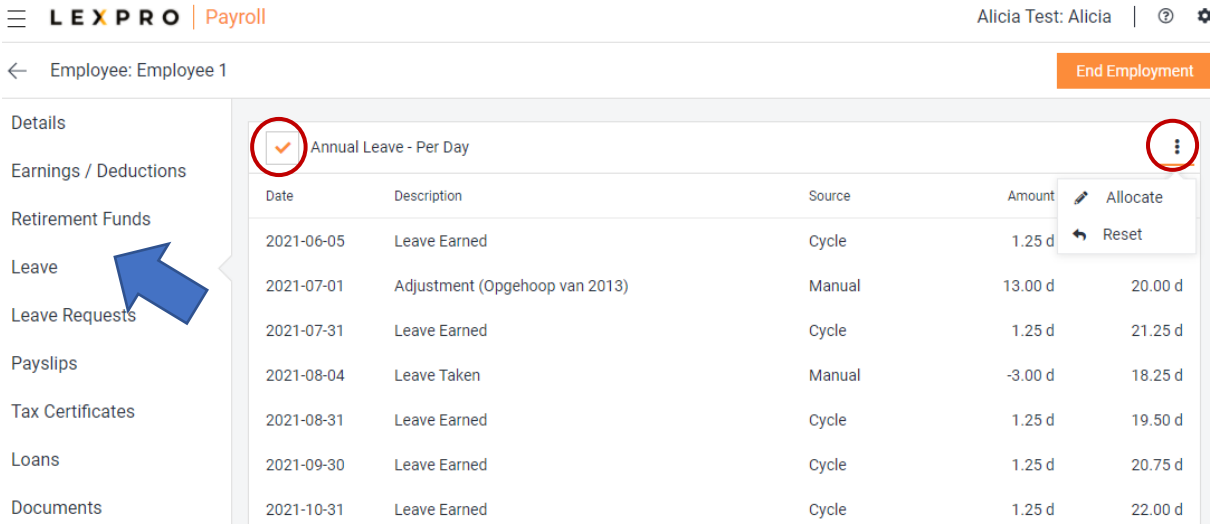
To assign an employee's retirement fund option, click on the "Retirement Funds" side menu. Then click on an option relevant to the specific employee.



5.4 Employee leave

The leave setup for a company should be completed before attempting to allocate leave to the employee.

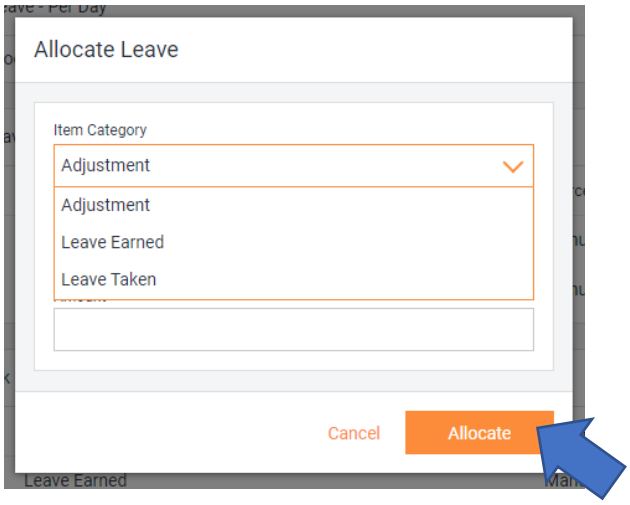
To allocate leave click on the “Leave” side menu.
Check the type of leave that applies to the employee in the checkbox.
Then click on the Options Menu (Vertical ellipsis) dots to allocate or reset the leave type.



To allocate leave, select the Item Category and the number of days/hours of the selected type of leave.

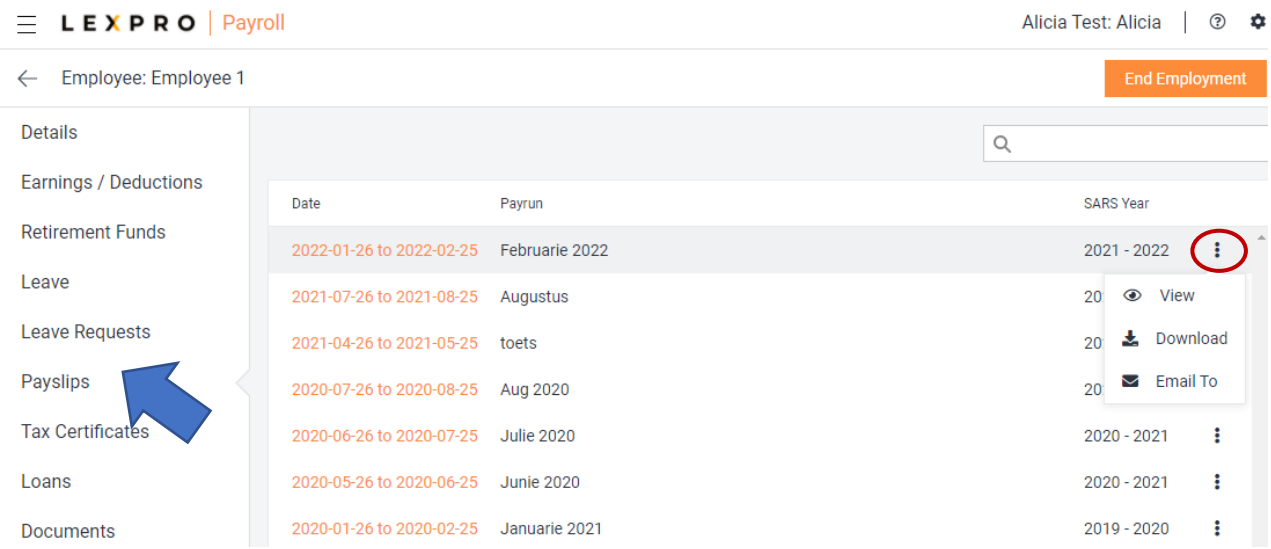
An adjustment is normally used when setting up.
Leave earned will be automatically calculated.
Leave taken will be chosen when a person takes leave.

Click on the “Allocate” button to save.

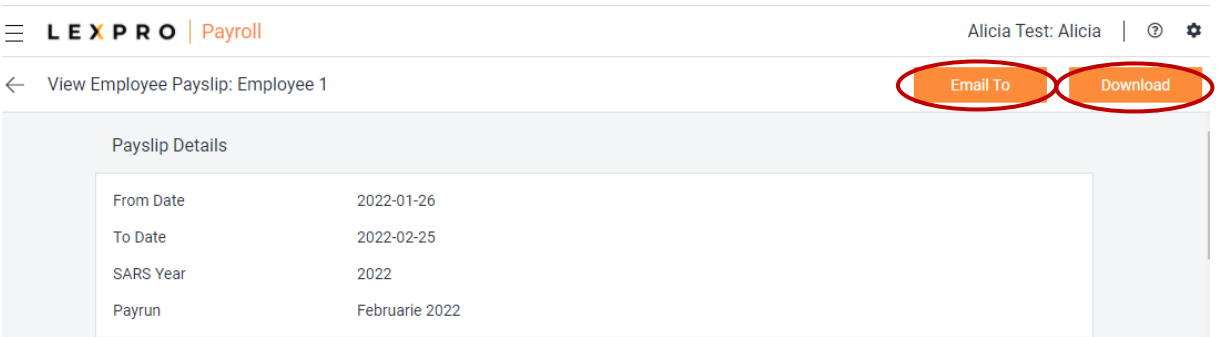


5.5 Employee Payslips

To view payslips generated through the payrun, click on the “Payslips” side menu.
Then click on the Options Menu (Vertical ellipsis) dots to view, download or email the payslip.

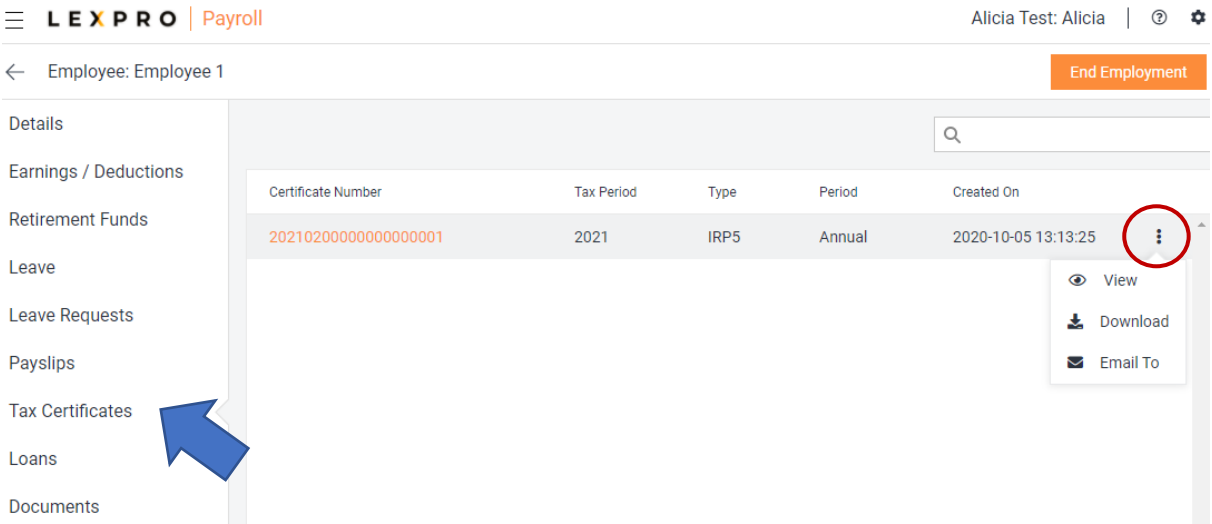


The payslip will be displayed on the screen. The payslip can be emailed, by clicking on the “Email To” button, or be downloaded by clicking on the “Download” button.

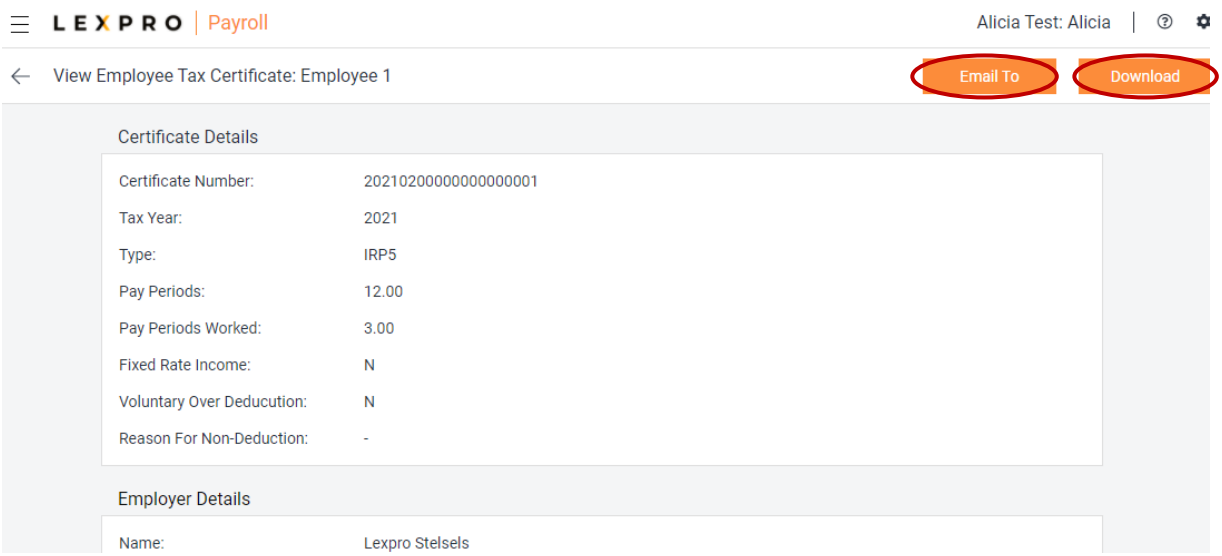


5.6 Tax Certificates

To view tax certificates generated through the payrun, click on the “Tax Certificates” side menu. Then click on the Options Menu (Vertical ellipsis) dots to view, download or email the tax certificate.



The tax certificate will be displayed on the screen. The tax certificate can be emailed, by clicking on the “Email To” button, or be downloaded by clicking on the “Download” button.

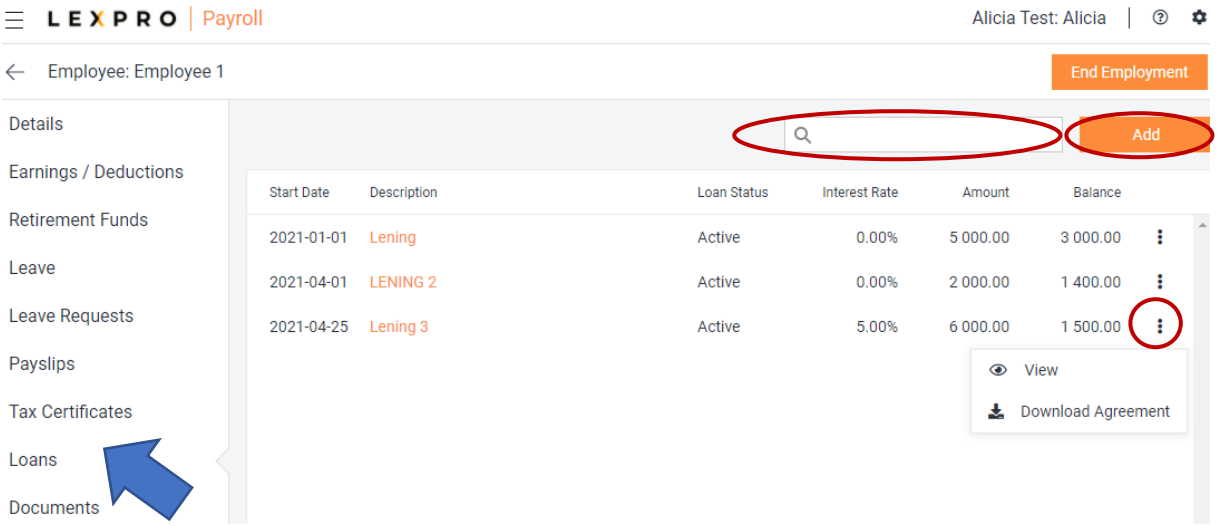


5.7 Loans

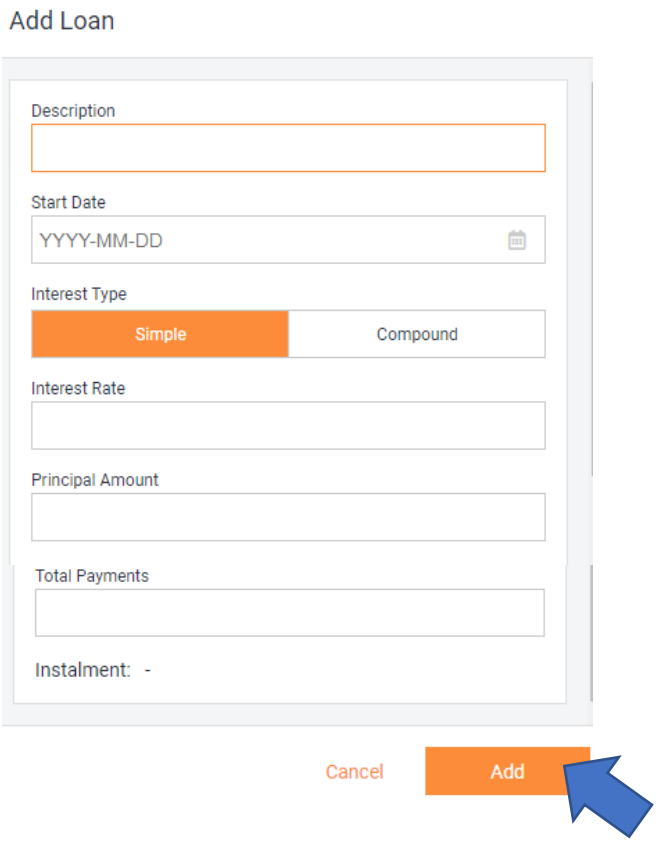
To view loans relevant to an employee, click on the “Loans” side menu.
Then click on the Options Menu (Vertical ellipsis) dots to view the loan details or download the loan agreement.

To add a new loan click on the “Add” button.

A loan can also be searched for in the search bar.



When adding a new loan, this pop-up screen will appear. Fill in the details regarding the loan and click on the “Add” button.



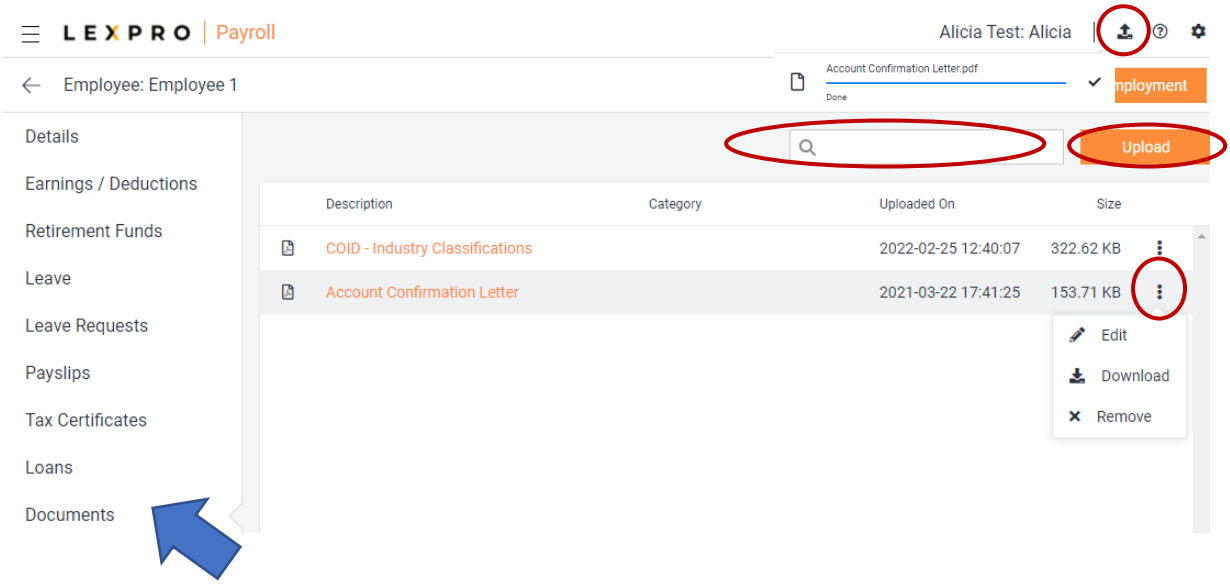
5.8 Documents

To view document relevant to an employee, click on the “Documents” side menu.
Then click on the Options Menu (Vertical ellipsis) dots to edit, download or remove documents.

To upload new documents, click on the “Upload” button.

The progress of a newly uploaded document can be seen by clicking on this icon next to the help button.

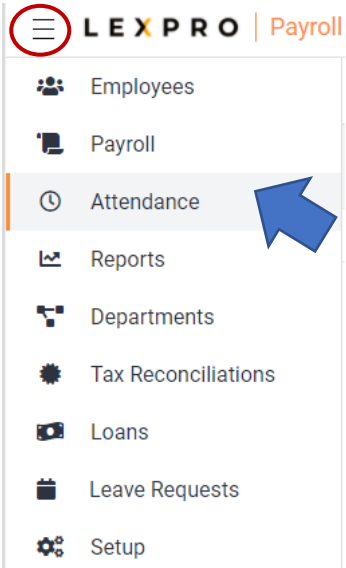
Documents can also be searched for in the search bar.



6. Attendance

Click on the three bars icon, at the top right corner, to open the Main Menu.

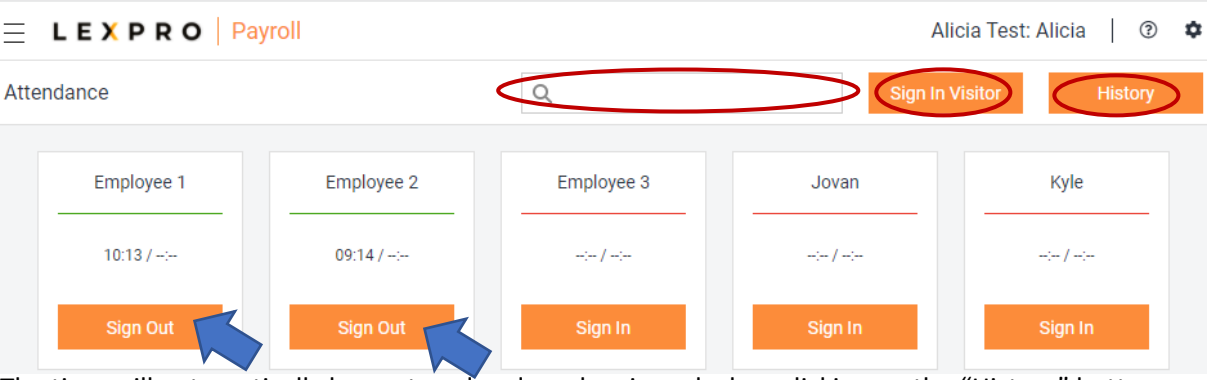
Click on “Attendance”:



A page with all your employees will be displayed.

Click on the “Sign In” or “Sign Out” button for each employee.

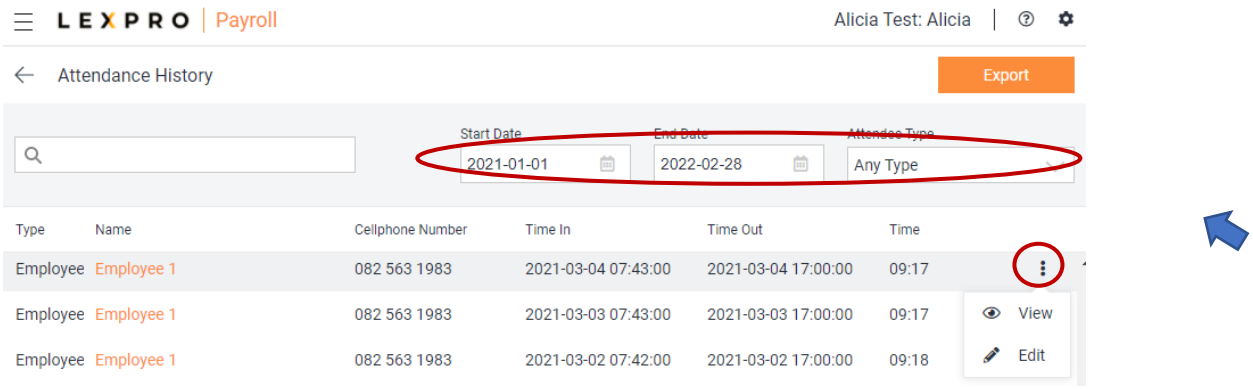
Employees can also be located from the search bar.



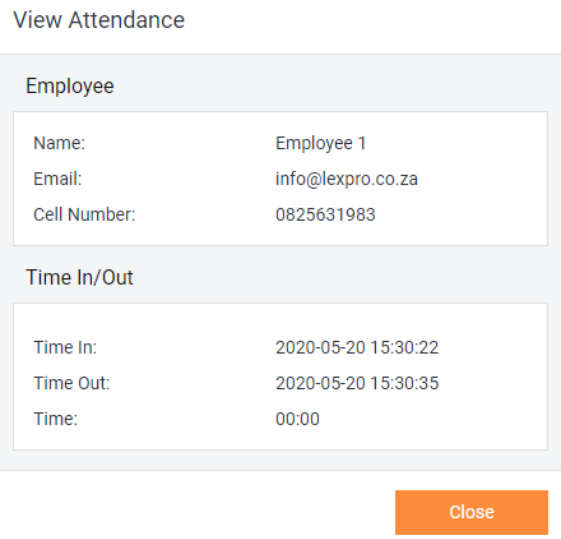
The time will automatically be captured and can be viewed when clicking on the “History” button.

History can be viewed between specific dates by choosing a start and end date.

For a more detailed view of attendance of a specific person, click on the Options Menu (Vertical ellipsis), then on “View”.



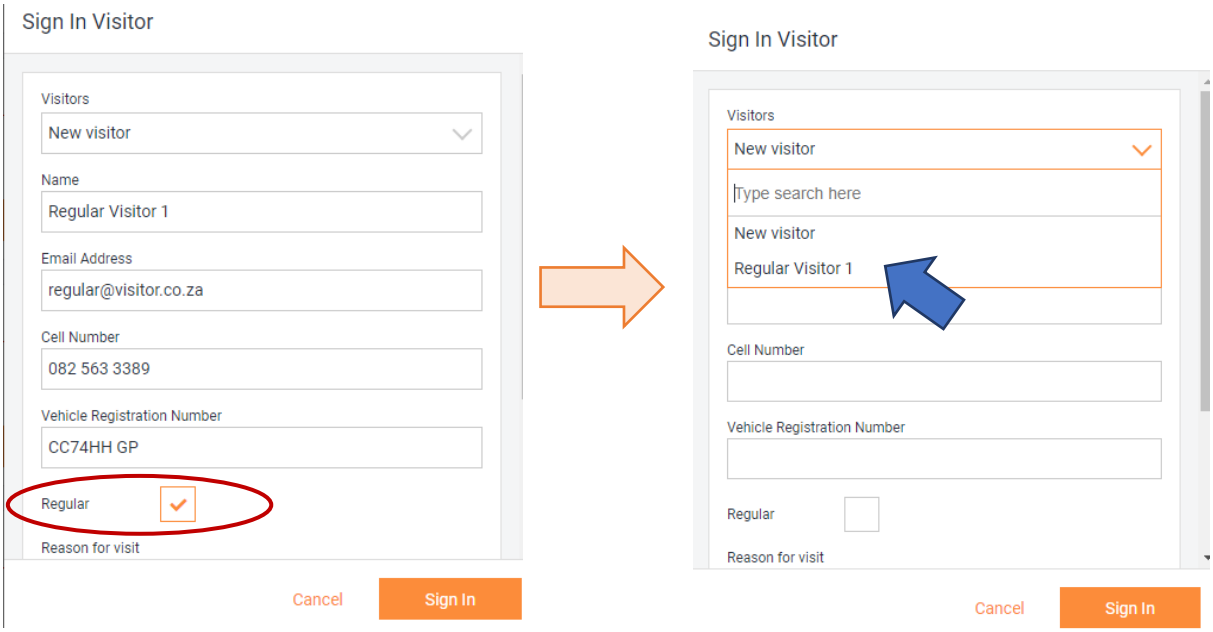
The information will be displayed:



To sign in a visitor, click on the “Sign In Visitor” button and fill in the required information.

Regular visitors can be added by filling in the required information and ticking the “Regular” box. This will allow a regular visitor to be chosen from the list of visitors in future.

If a visitor is a regular, they can be selected from the “Visitors” dropdown and their information will be filled in automatically.

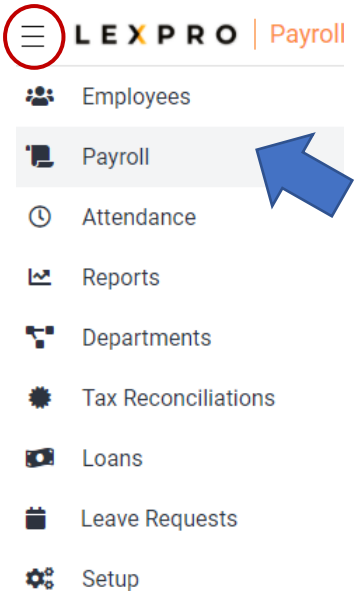


1st Visit **After 1st Visit**

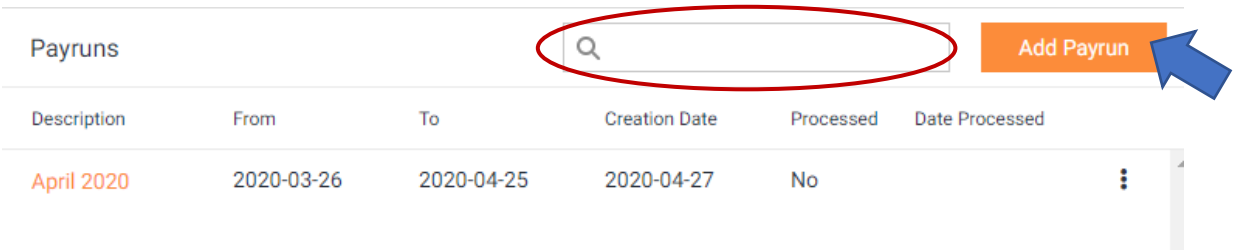
7. Payroll

Click on the three bars icon, at the top right corner, to open the Main Menu.

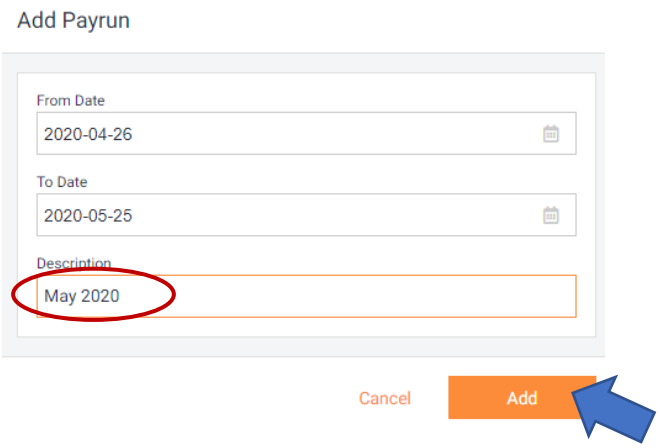
Click on “Payroll”:



All previous payruns will be displayed.
A payrun can be searched using the search bar.
To add a new payrun click on the “Add Payrun” button:

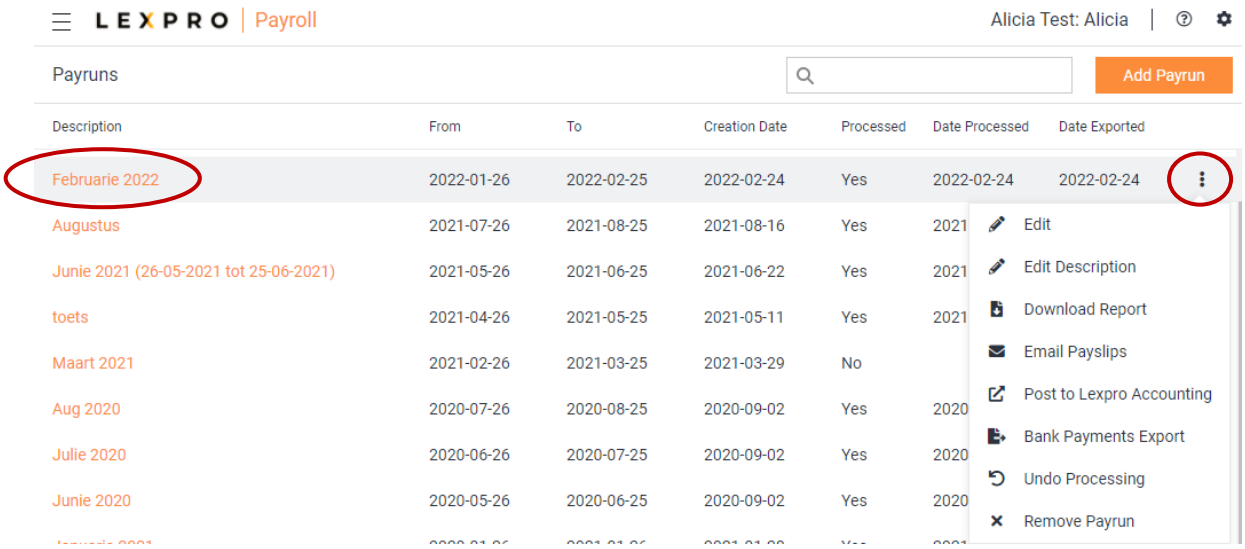


When adding a payrun, enter the required details and click on the “Add” button:



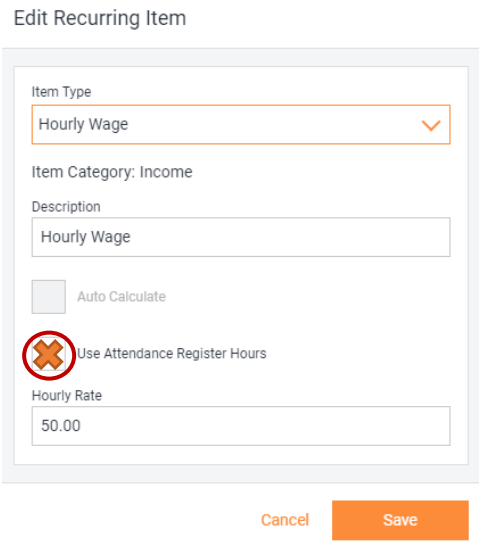
The new payrun will be created and displayed.

Click on the Options Menu (Vertical ellipsis) to display the different options.
To display the payrun click on “Edit” or click on the Description.



To process a payrun, open the payrun by clicking on the “Edit” option or on the Description. Information from the employee’s earnings / deductions will be displayed here.

For hourly wage you must enter the number of hours before the auto calculation will take place, or a tick box can be checked to use the attendance register hours for the calculation. However, this setting only applies to hourly wage.
This setting can be found following this route Menu → Employees → Select an employee → Earnings/deductions → Add recurring item → Select hourly wage as the item type → Tick the box to use attendance register hours.

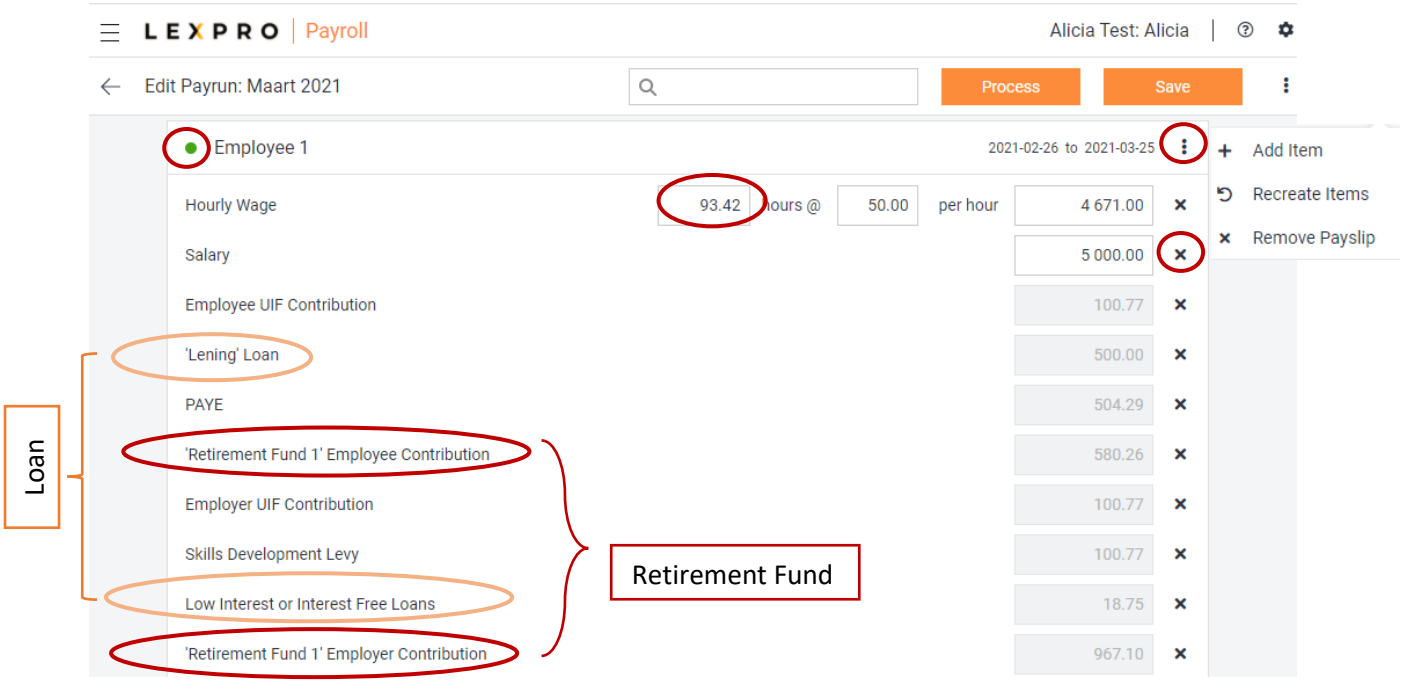


If the employee has a loan, that falls within the payrun period, it will be displayed on the payslip. If interest on the loan is payable, that amount will also be displayed on the payslip.

If the employee has a retirement fund, that falls within the payrun period, it will be displayed on the payslip. Both the employee and employer contribution payable, will be displayed on the payslip.

To remove an item from the payslip click on the cross next to the item.

A payrun can be processed once all the employees are green.



Click on the Options Menu (Vertical ellipsis) to add items, recreate items or remove payslip.

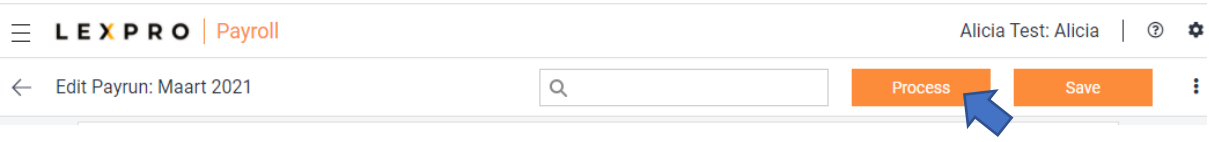
Once-off items can be added to the payslip by clicking on the “Add Item” button.

To recreate items on the payslip, click on the “Recreate Items” button. This function can be used if an item was mistakenly removed or added to the employee’s earning/deductions after a payrun was created but before it was processed.

If a payslip needs to be removed, click on the “Remove Payslip” button.

To process a payrun, click on the “Process” button.

This will send out a payslip, to each employee (via email) as a default but this setting can be changed by clicking on the cross to remove the payslip from the batch that will be sent.



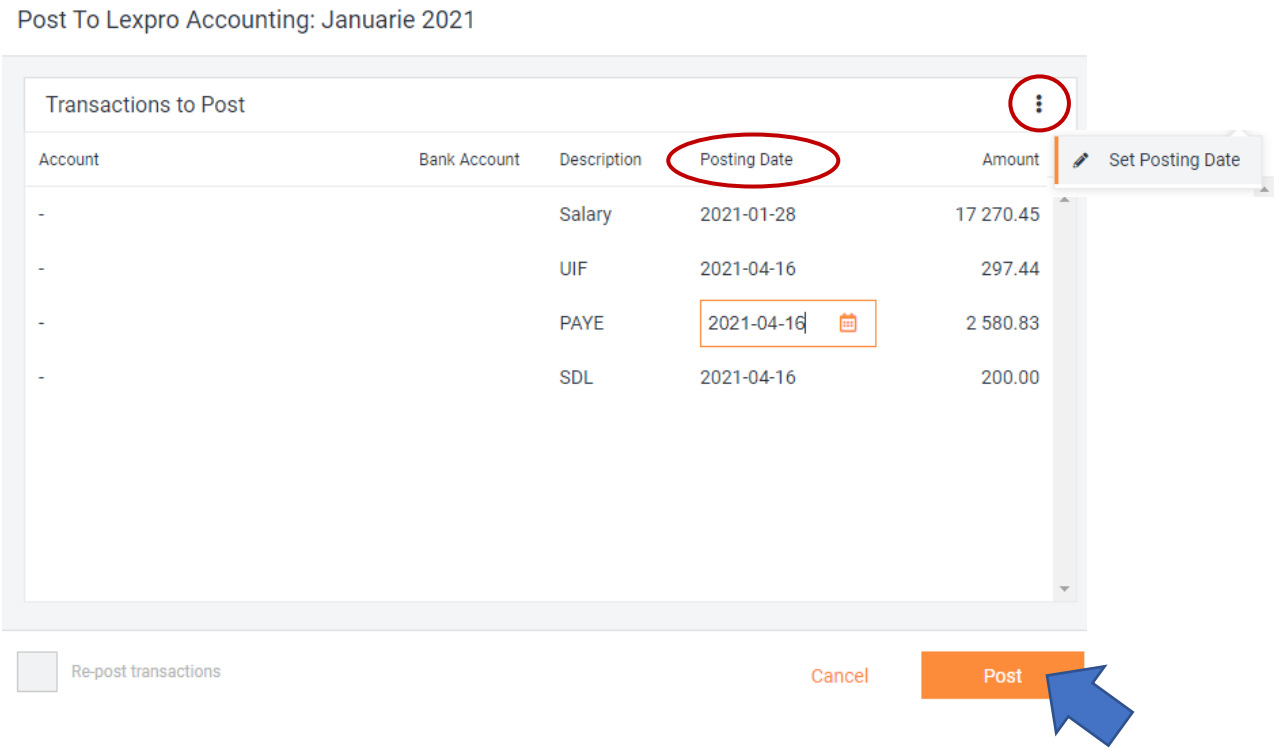
If you made changes to the payrun but you are not ready to process the payrun, click on the “Save” button.

Once a payrun has been processed, it can be exported to Lexpro Accounting by clicking on the Options Menu (Vertical ellipses) and click on the “Post to Lexpro Accounting” option.

To change the posting date individually click on any date in the “Posting Date” column.

To change all posting dates to the same date, click on the Options Menu (Vertical ellipses) and click on “Set Posing Date”.

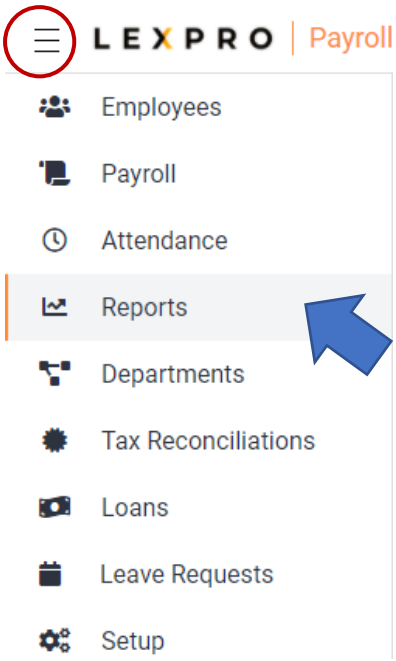
Once the dates are correct, click on the “Post” button.



8. Reports

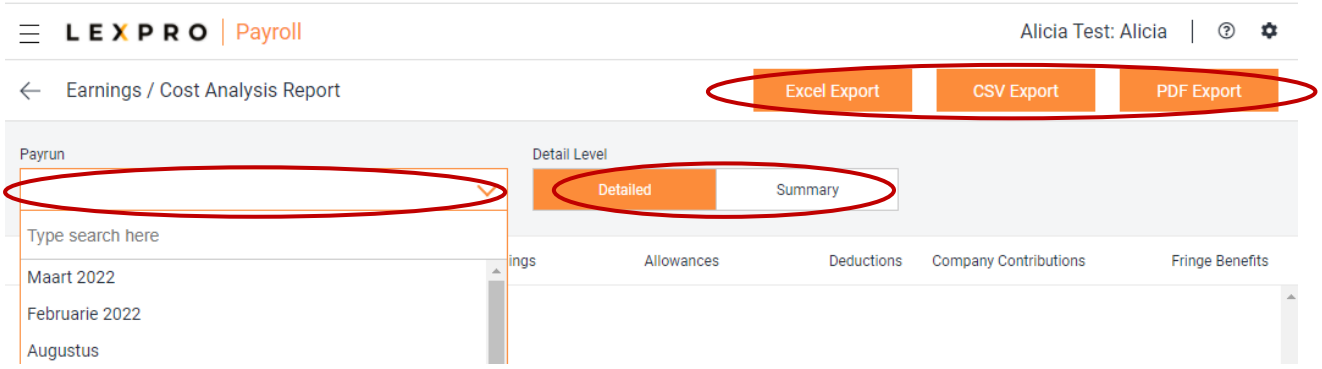
Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Reports”:



The different reports will be displayed. Click on the “Open” button to display a report:

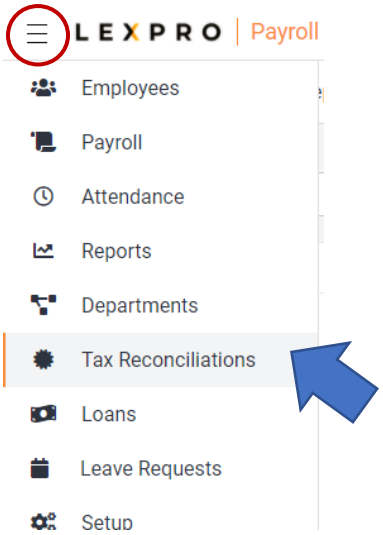
The report wil be displayed.
Select the payrun. Choose between a detailed or summarised view.
To export the report, choose a format and click on the “Export” button.



9. Tax Reconcilliations

Click on the three bars icon, at the top right corner, to open the Main Menu.

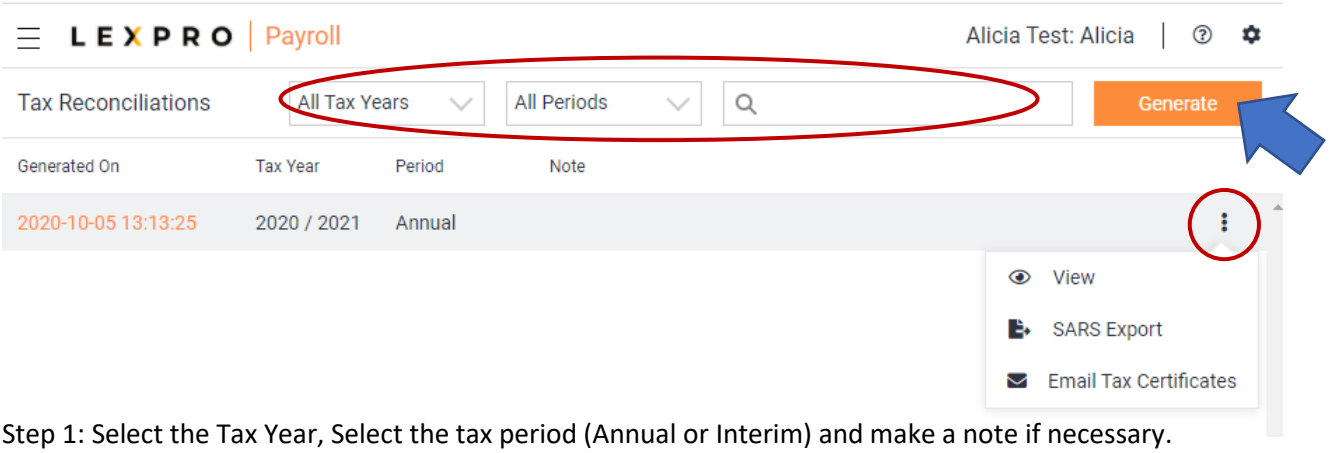
Click on “Tax Reconciliations”:



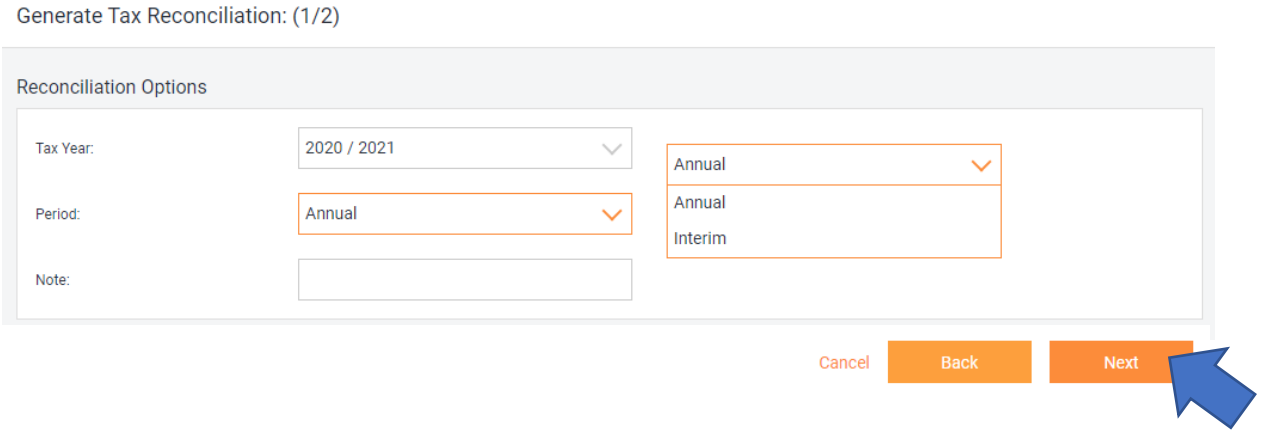
Previously generated tax certificates will be shown. Specific tax certificates can be filtered by tax year and/or different periods and/or searched for.

Click on the Options Menu (Vertical ellipsis) to display the different options.

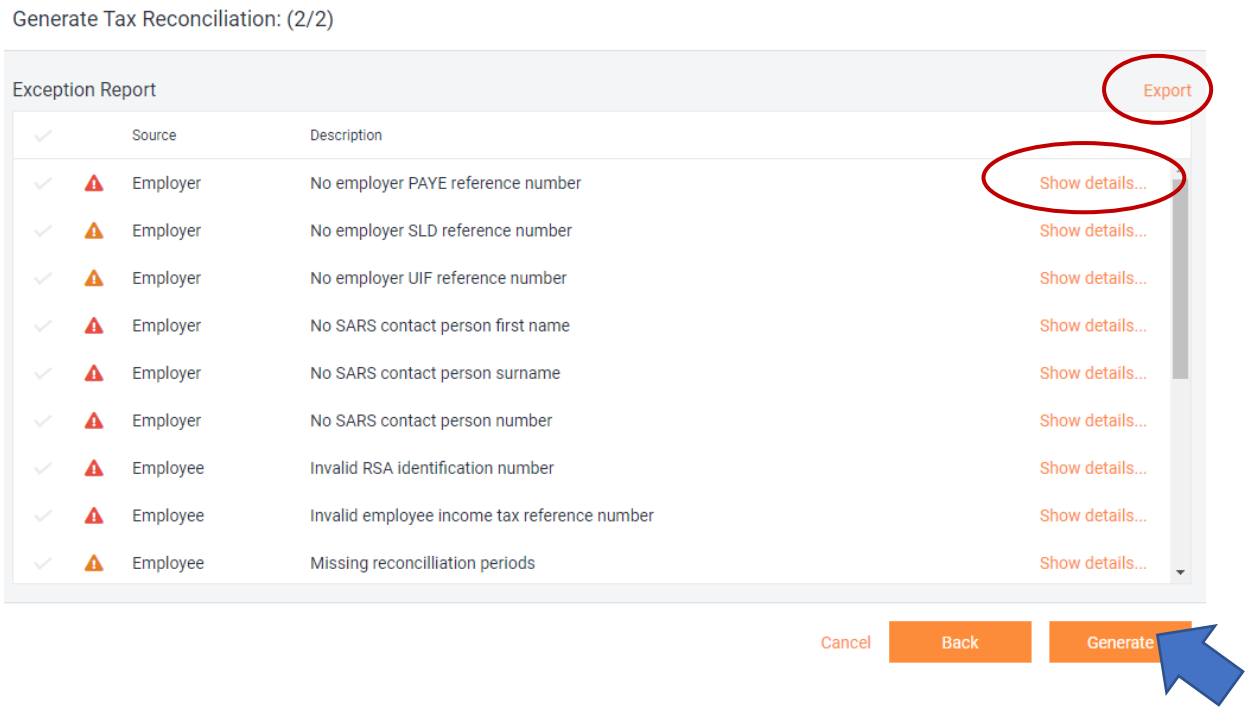
To generate a new tax certificate, click on the “Generate” button.



Step 1: Select the Tax Year, Select the tax period (Annual or Interim) and make a note if necessary. Then click on “Next”.



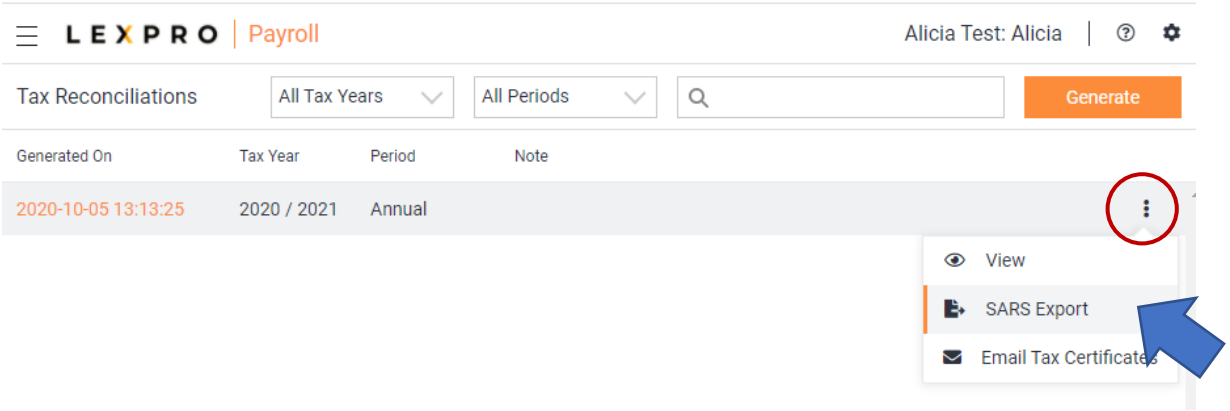
Step 2: If there are any exceptions, these will be displayed to be corrected before the tax certificate can be generated. To see the details of the exeption click on “Show details”. Correct all necessary exeptions and click on “Generate”.



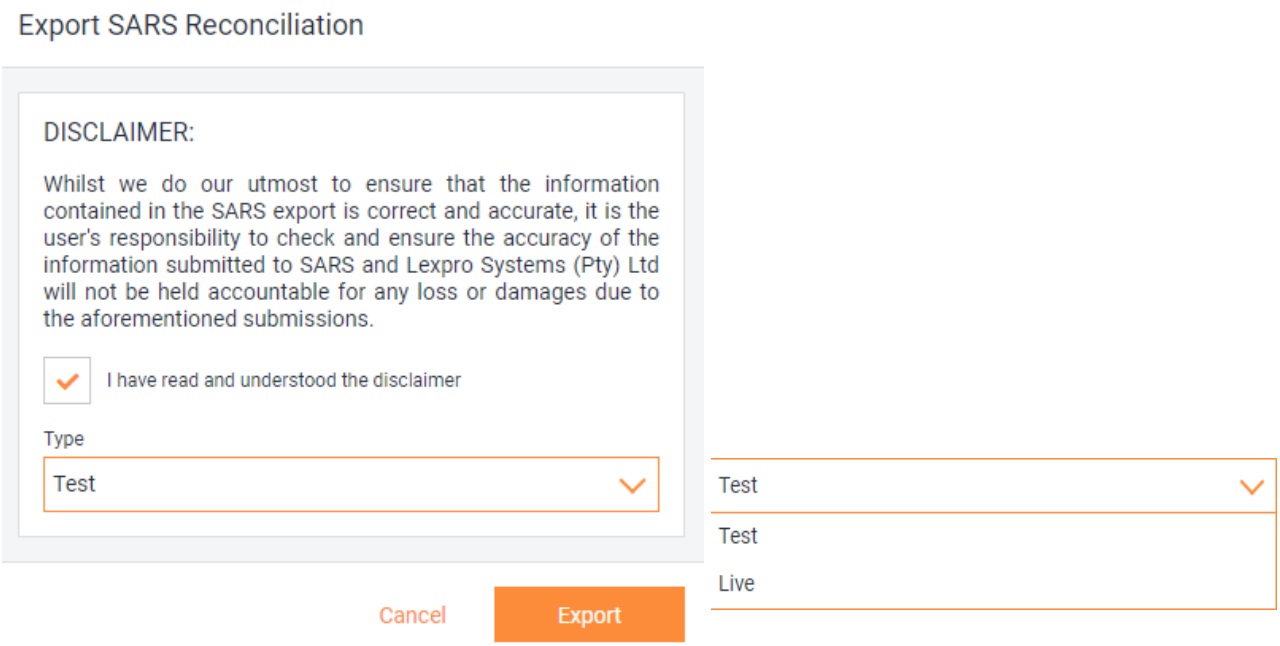
An exceptions report can be exported. This function aids in viewing all exceptions that needs to be corrected in one report.

Once the tax certificate is generated, it can be viewed per employee by following the route Menu→ Employee→ Select employee→ Tax certificates.

The tax certificates report can be exported to be used in SARS easy@File by clicking on the Options Menu (Vertical ellipsis) and clicking on “SARS export”.



Please read the disclaimer and tick the box. Then select the type of report you would like to export. Then click on “Export” to download the report.



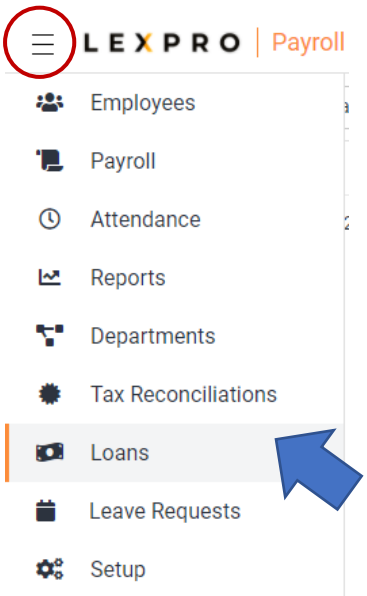
The report can then be imported on SARS easy@file.

Instructions on how to use the easy@File program can be found here:
https://www.sars.gov.za/AllDocs/OpsDocs/Guides/PAYE-easyFile-G001%20-%20easyFile%20Employer%20User%20Guide%20-%20External%20Guide.pdf

10. Loans

Click on the three bars icon, at the top right corner, to open the Main Menu.

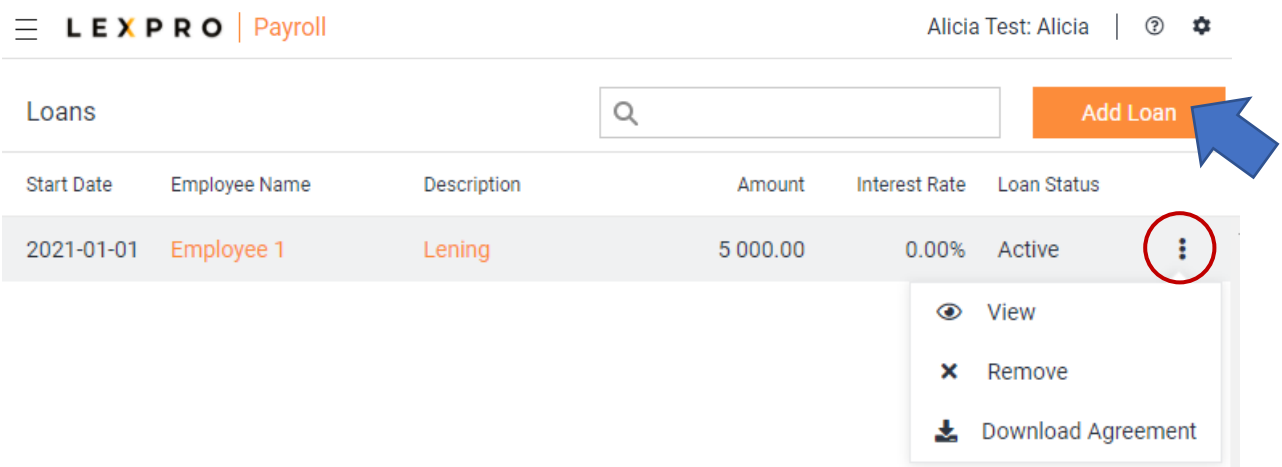
Click on “Loans”:



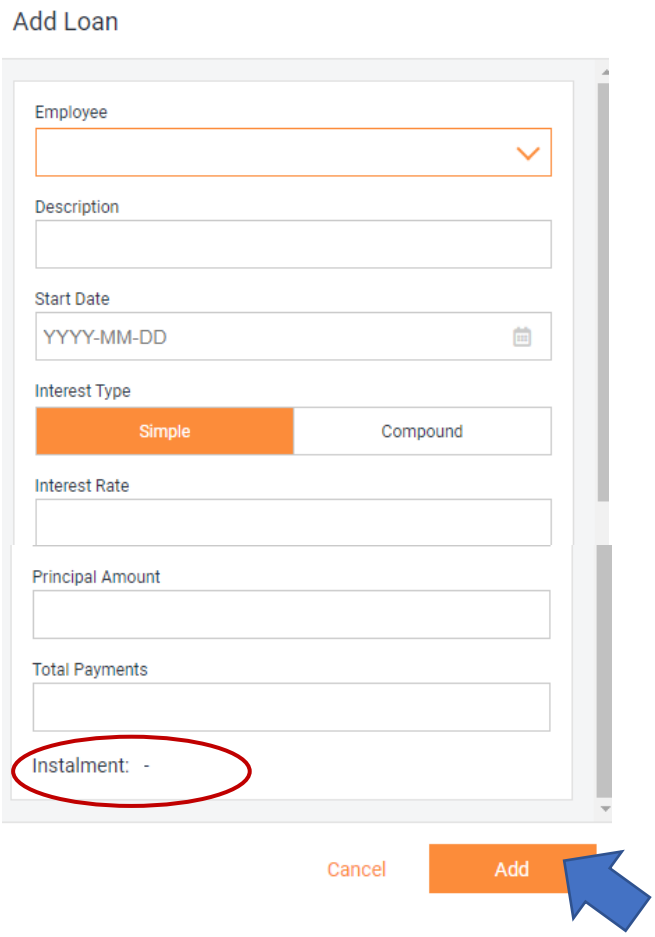
All loans will be displayed on this page.

Click on the Options Menu (Vertical ellipsis) to view the loan, remove the loan or download a loan agreement template. This document can be filled in, scanned and uploaded to the applicable employee’s documents.

To add a loan, click on “Add Loan”.



Fill in the information required, then the instalment will be automatically calculated. Click on “Add” to save the new loan.

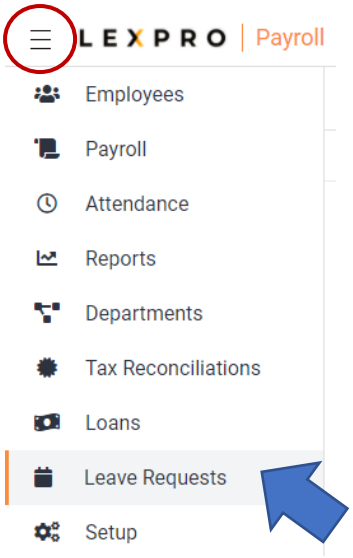


The new loan will be displayed on the payslip of the employee when a new payrun is added.

11. Leave Request:

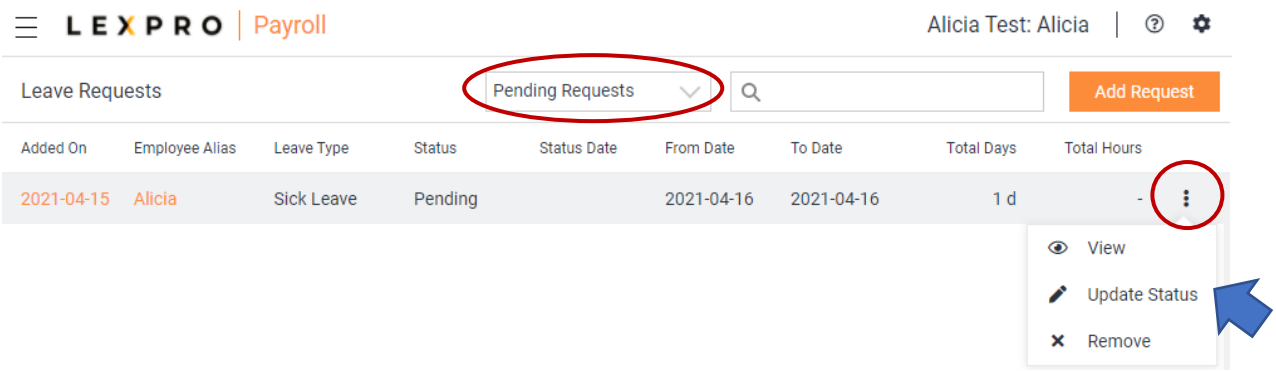
Click on the three bars icon, at the top right corner, to open the Main Menu.

Click on “Leave Request”:

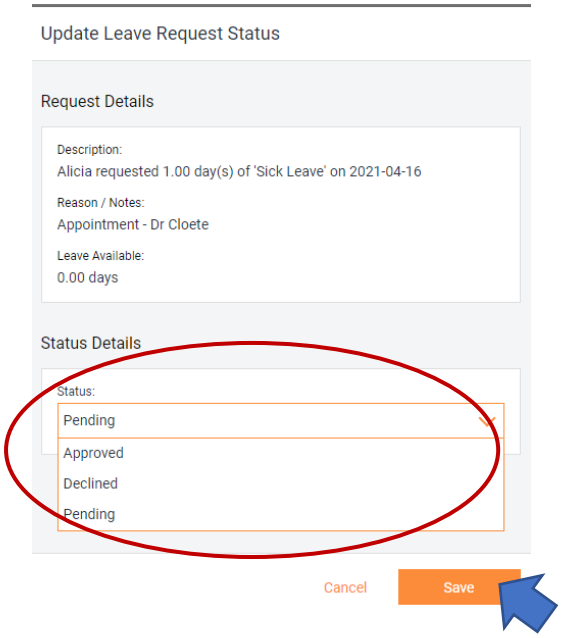


Leave requests will default to the “Pending Requests” option. All leave requests can be found by clicking on the downwards arrow.

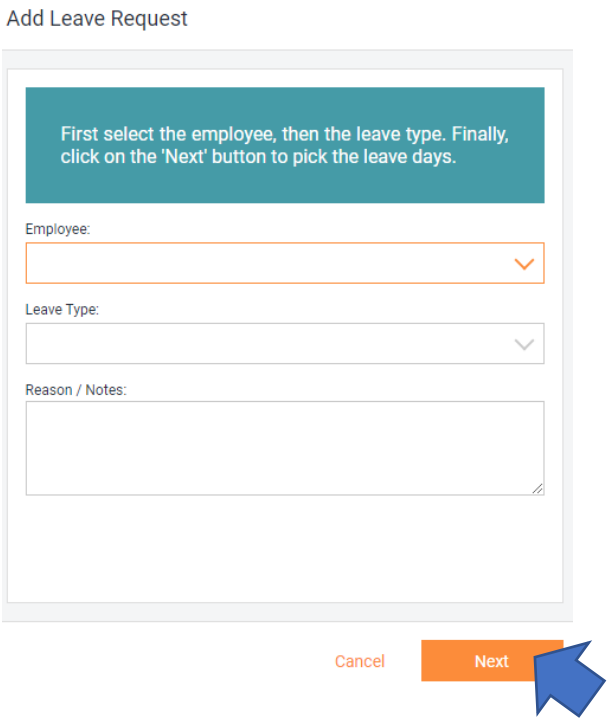
For more options click on Options Menu (Vertical Ellipses). To update a leave request, click on “Update Status”.



Click on the dropdown menu and select approved / declined and then on the “Save” button.



To add a new leave request, click on the “Add Request” button. Fill in the information required and click on the “Next” button.



An email will be sent to the administrator to approve / decline the request. If no such person is available or if no email address is filled in, no email will be sent. The request must then be approved via the Options Menu (Vertical Ellipses) next to the relevant leave request.

The status of a request can be changed to approved / declined / pending. If a request is approved, this will be shown on the employee portal and the request can no longer be removed.
If a request needs to be removed, the status needs to be changed back to pending.

12. Employee Portal:

https://www.lexproonline.co.za/payroll/employee/index.html

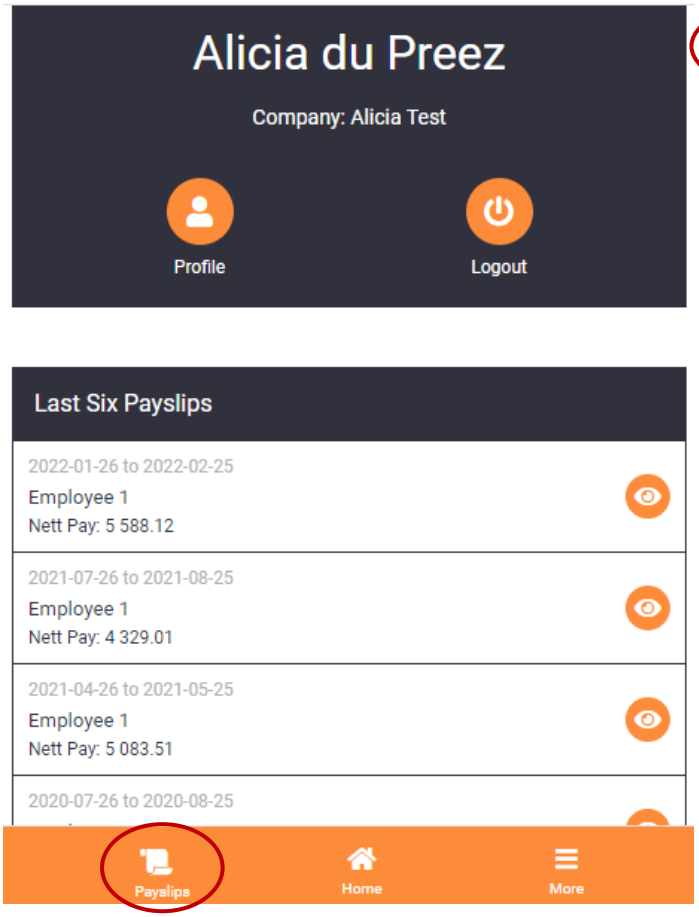
This link can be sent to employees registered on the payroll system. They will have to register themselves using an email address and ID number.

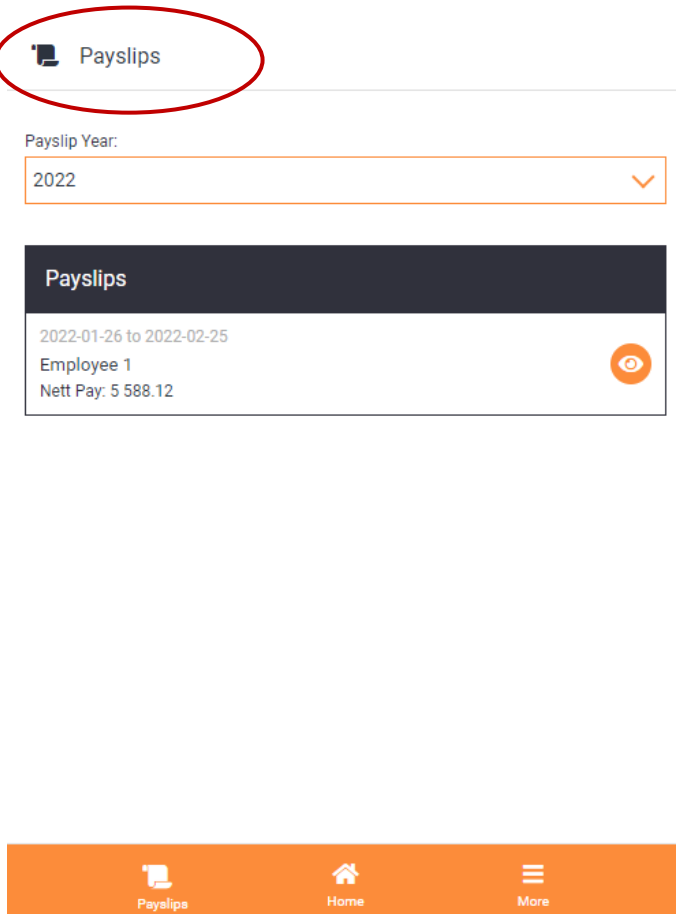
This portal is designed to be used on a mobile device and laptop/computer.

Employees will have access to their payslips, available leave and request leave.

Home screen shows the employee's last six payslips.

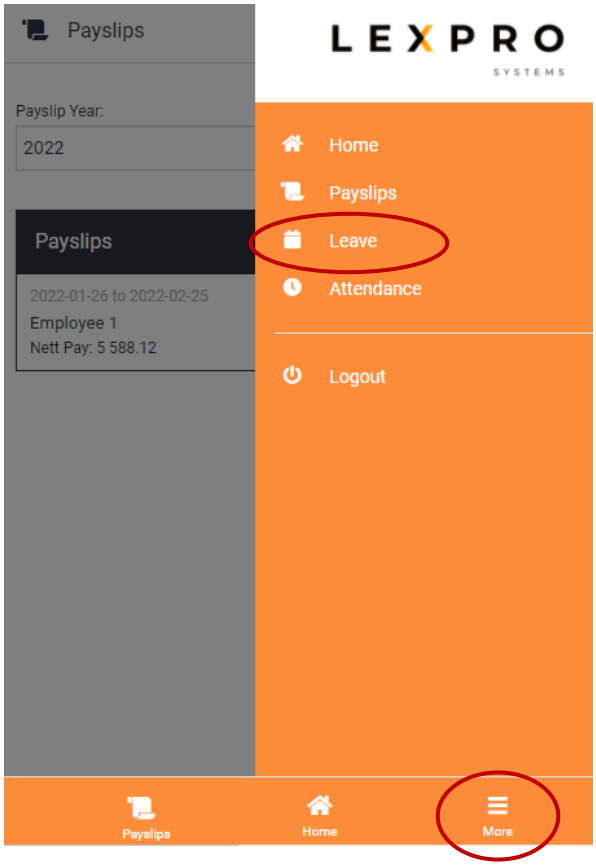
To see all payslips, click on the Payslips button, then select the payslip year.



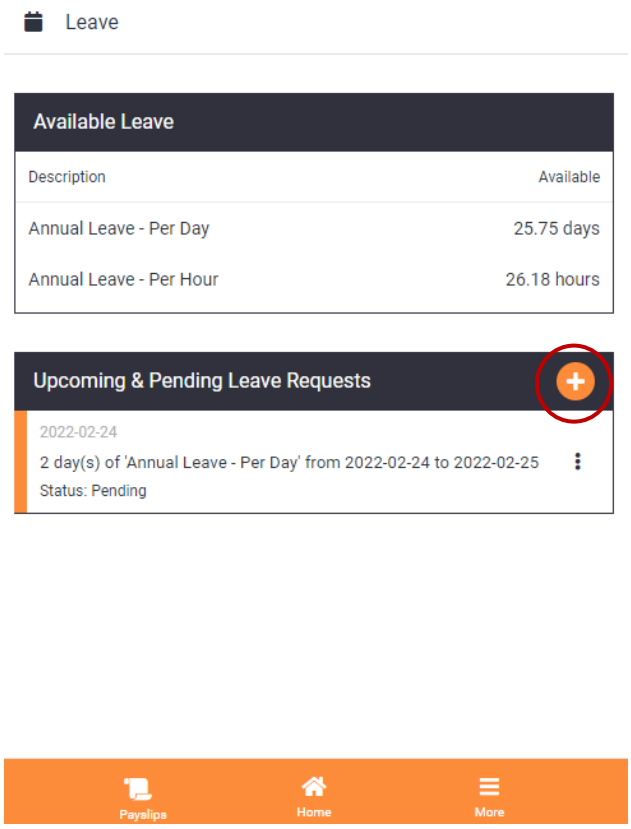


For more options click on the “More” button.

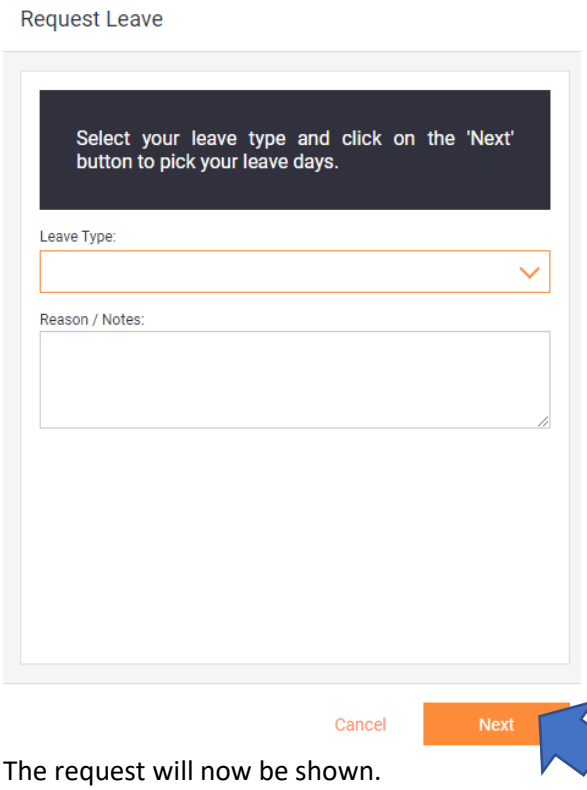
Then on “Leave” to view the employee’s available leave and request leave.

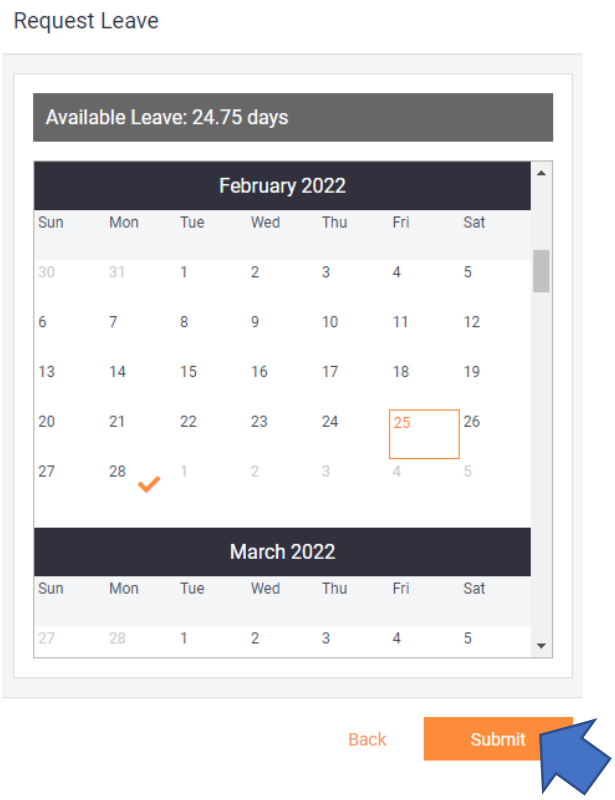


To add a new request, click on the + icon.

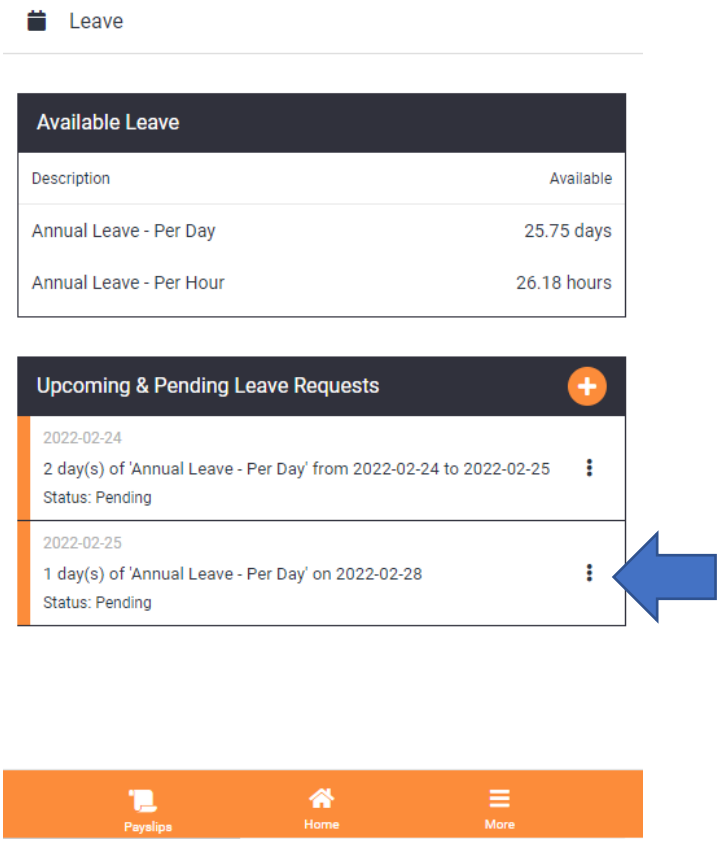


Select the leave type, click on “Next”. Then select the date(s), click on “Submit”.





The request will now be shown.



The request will now be sent to the administrator, if there is one, or the payroll system under “Leave Request” menu item. The request can be approved from either the email or the menu item.

13. FAQs:

Hard refresh

For Windows – Press CTRL + F5 to refresh, while logged in.
For Apple – Press Apple + R OR command + R, while logged in.
You will need to log in again. You will now be logged into the latest version.
